CATALOG 447

MILLWORK
LUMBER-HARDWARE and BUILDING SPECIALTIES

OUTSTANDING VALUES AT HARRIS BROTHERS!

We earnestly request that you study this Catalog carefully. You will find herein many OUTSTANDING NEW PRODUCTS — products with the kind of appeal that MAKES HOUSES SALEABLE. Then too, you will find AMAZINGLY LOW PRICES — prices which STAND AS A CHALLENGE to the entire Building Material Industry. Above all — you will find HIGHEST QUALITY — for we SAFEGUARD OUR PRODUCTS with CONSTANT and CAREFUL SUPERVISION.

ORDERING INSTRUCTIONS — TERMS

Unless otherwise stated, all prices are NET and f.o.b. Chicago. Terms—cash in full before shipment.

On sizable orders, you may remit 25% of total amount and send the balance when your order is ready for shipment, at which time you will be notified.

If you wish to do your own hauling — 1st. — Mark your order as follows: *"Will pick-up — Notify when Ready."* 2nd. — Send your order accompanied by cash in full.

We will then assemble and prepare your order, and notify you when to come. Pick-up Orders filled only before 3 pm daily (Saturday before 11 am).

Most of the items in this Bulletin are shipped very promptly from our big complete Chicago stocks. Occasionally delays in shipping may be encountered because of the difficulties in securing vital materials.

We reserve the right to ship materials direct from factories or mills to save handling and freight charges.

YOUR GUARANTEE OF SATISFACTION

WE GUARANTEE to refund the full purchase price and assume the expense of transportation, both ways, on any material or article purchased from us which does not measure up to established grade specification or our representation. *Authority to return any article for any reason must be secured from us BEFORE making any return shipment, at which time proper directions will be supplied to safeguard and speed adjustment.*

WAREHOUSES AND OFFICES AT OUR 25 ACRE CHICAGO PLANT

Harris Brothers Company

America's Building Materials Headquarters for Over 60 Years

1349-1451 W. 35th ST. • CHICAGO 9, ILLINOIS

Harris Buying Advantages !

LOWEST PRICES

- because you are BUYING DIRECT from Harris Brothers Company. Since your materials are shipped on a Cash Basis Direct-To-You - we are able to present, in the form of Lowest Prices, the Great Savings that are affected by eliminating expensive clerical work, rehandling, storage and middlemen's charges.

HIGHEST QUALITY

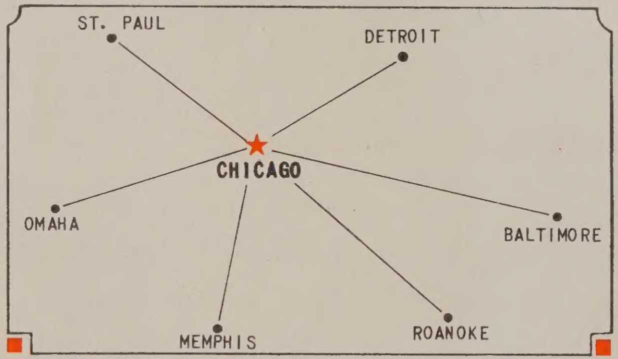
- "nation-known," because we supervise the manufacture of the products we sell, and safeguard quality by rigid specifications and our own constant inspection.

PRACTICAL HELP

- because your orders and inquiries secure the personal attention of practical building men - trained estimators, designers, heating and plumbing engineers, lumbermen, millwork experts, familiar with all that is newest and best in building construction.

WE SHIP BY MOST ECONOMICAL ROUTE

Freight, motor transport, express or parcel post, whichever route is most economical. In some towns railroads and motor transport companies make door to door deliveries, provided the address or building site is located within the corporate limits upon a passable hard road. Quick shipment is always assured from our centrally-located plant; ten railroad switch tracks lead direct to our shipping terminal. Immediately adjacent to us, largest motor truck terminals operate 24 hours daily, supplying a fast, nation-wide delivery service.



FASTEST SERVICE

Ample stocks are always on hand to fill your orders, immediately, and "Specials" are completed in record time in our modern, well equipped factories. -- and Shipping Service is today FASTER THAN EVER. Do you realize that a shipment can leave our Plant one morning and by the NEXT MORNING be as far East as BALTIMORE, as far West as OMAHA, as far North as ST. PAUL or as far south as MEMPHIS.

AN OPEN INVITATION TO VISIT US

Come and see for yourself the Largest Millwork operation in the middle west - our vast undercover Lumber Yards and mammoth stocks of Building Materials. Please come before 3 p.m. daily or on Saturday before 11 a.m.

NEW LOW PRICES!

FLUSH INTERIOR DOORS

Please Read!

There are more different Hollow Core Flush Doors being manufactured today than ever before. They range in PRICE from VERY COSTLY to VERY CHEAP. Similarly they vary in QUALITY from EXCELLENT to UNBELIEVABLY BAD. We have CHECKED and TESTED almost EVERY Door on the market. The line we have chosen to carry is, we believe, UNIQUE in that it is UNSURPASSED IN QUALITY yet can be sold at VERY COMPETITIVE prices. May we ask that you STUDY THE FINE FEATURES of Harris Flush Doors shown at the right.

"HARRIS" doors are available in a choice of unselected GUM or BIRCH faces. The BIRCH doors - with their CHARMING and UNUSUAL GRAIN CONFIGURATIONS are ideal for NATURAL or LIGHT STAIN finishes. The GUM Doors - usually used in "economy" work - are more often finished in DARKER STAIN or PAINT. (However, many architects flavor gum for natural finish PRECISELY BECAUSE of the INTERESTING CONTRASTS in color and grain.

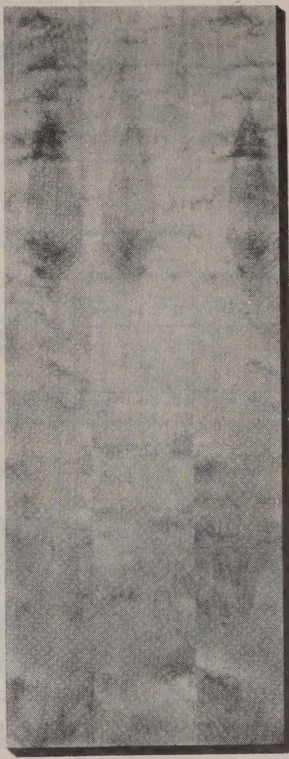
*Doors can be trimmed one inch at **EACH END.***

*Struts are **SCIENTIFICALLY SPACED** — closer together than in other doors.*

*The most vital factor in a hollow core door is the **GLUING. "HARRIS"** doors embody the **FINEST AVAILABLE GLUE** — applied with modern **MECHANICAL** glue spreaders. Doors are then placed in a **HUGE AUTOMATIC PRESS.***

*"**HARRIS**" doors are built in a **MODERN, COMPLETELY EQUIPPED PLANT,** by **EXPERIENCED DOOR MANUFACTURERS.** These doors carry the **STANDARD GUARANTEE** of the **NATIONAL WOODWORK MANUFACTURERS ASSOCIATION** backed by a **MEMBER OF THAT ASSOCIATION.***

***METAL SCUFF PLATES** are factory-applied to protect doors from damage in handling.*



*Doors are **POLISHED SMOOTH** on a **MODERN STROKE-SANDER.***

***ALL SIDE EDGES** are **"EASED"** for maximum protection of the face veneers.*

*Lock block on **EACH SIDE** ensures **DOOR BALANCE** as well as permitting **HARDWARE INSTALLATION ON EITHER SIDE** and **REVERSING OF DOORS** for matching effects.*

SEVEN PLY CONSTRUCTION** is standard on all **"HARRIS"** hollow core doors. — a factor of the **UTMOST IMPORTANCE.** Face and back veneers are always of the **SAME SPECIES** with cross bandings **CAREFULLY SELECTED** for **STRAIGHT GRAIN. MOISTURE** content is **CAREFULLY CONTROLLED.

*Top and Bottom Rails scientifically **VENTED** to allow for change in moisture conditions.*

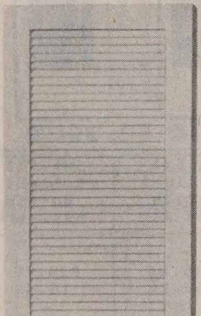
The Trend is to LOUVER DOORS



10K-2018

Leading Architects are specifying Louver Doors in more and more fine residences. Suitable for any type of Architecture they are as "at home" in the most formal setting as they are in a Ranch House.

Louver Doors lend drama to even the smallest hall and are especially attractive when used in pairs between Dining and Living Rooms. Used as folding doors they can be hinged together to fill almost any size Doorway. As single doors they are in great demand for Bedrooms and for Closets which require ventilation.

Harris Louver Doors are manufactured entirely of clear W.P. Pine.

PRICES SLASHED!

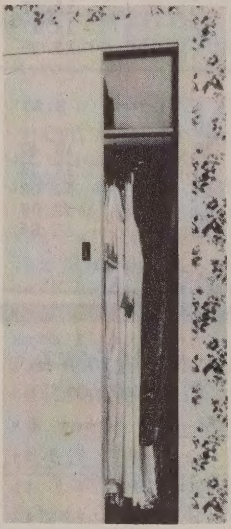
THE "SPACE-SAVER" UNIT

SAVE SPACE Actual measurements of a typical floor plan prove that 18.7% more usable floor space is made available through the use of rolling doors. There's more wall space, too, and better decorative effects can be achieved, with no allowances necessary for space-filling swinging doors.

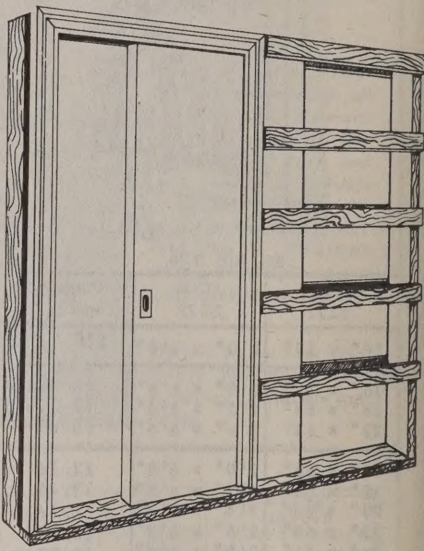
SAVE MONEY The reduced cubic footage made possible by rolling doors permits an appreciable saving in construction and finishing costs.

SAVE TIME Less construction time is necessary when less cubic footage is required through use of rolling doors. Finishing time is likewise lessened. And the Factory-Fabricated Frame Pocket together with quality Hardware speeds installation in every case.

GAIN COMPLETE VISIBILITY Use of rolling doors eliminates dark inaccessible closet corners, permits complete visibility as well as saving space.



THE "SPACE-SAVER" UNIT comes to you semi-assembled with all machine work accurately completed. Final setting up is done quickly and easily on the job. Any 1-3/8" Door can be used with the "Space-Saver" Unit. Rough opening allowed should be approximately 2" wider than twice the door width. "Space-Saver" Units are made for 5-3/8" walls only.



10N-160- "SPACE-SAVER" UNIT

(Prices include all Rolling Hardware, Track, Frame Pocket and Jambs. Trim, Door and Door Hardware not included).

Price per set of 3. . . . . $1.60

New "SUPER FLEX-I-FOLD" DOORS!

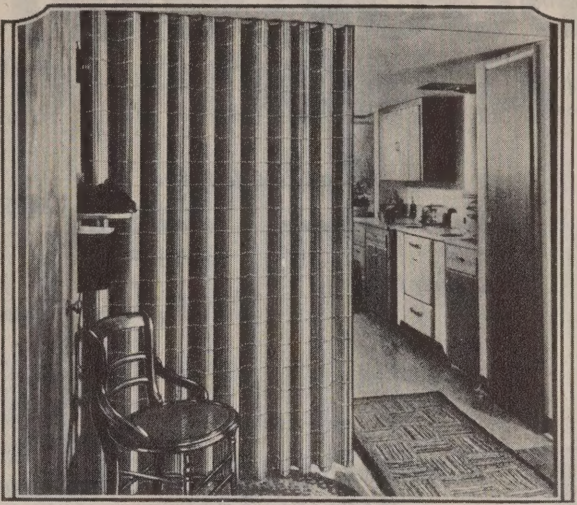
Check These NEW Improvements!

- 1 -

Wood Splints finished BOTH sides with three coats of Lacquer to permit using between rooms. (Formerly doors were lacquered on one side only).

- 2 -

New Nylon Slides are super-silent in action, do not require lubrication and will outlast metal slides.



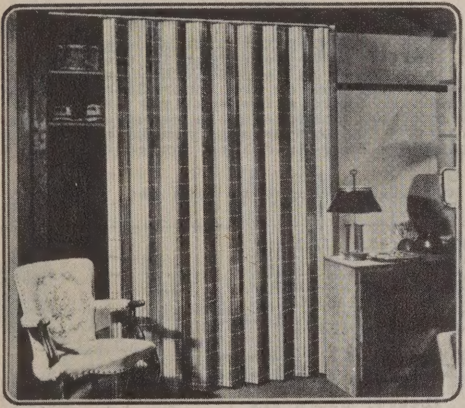
"Super-Flex-i-Fold" Doors used as Dividers Between Rooms

- 3 -

A new ANCHOR MOULDING is now furnished with each door. This moulding runs the entire length of the door thus creating a finished appearance where the door meets the jamb.

- 4 -

Doors are now completely reversible - no longer any danger of incorrectly specifying "Left" or "Right" Hand.

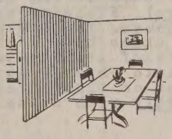


Used as Closet Front Without Moving Furniture

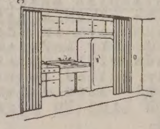
USED IN ... homes ... Offices ... Schools ... Churches ... Institutions and Commercial Buildings

WARDROBE DOORS

BETWEEN-ROOM DOORS



ROOM DIVIDERS



CLOSURES FOR
IN-A-DOOR BED CLOSETS
AND KITCHENETTES

OUTSTANDING BEAUTY "Flex-I-Fold" Doors bring striking New Beauty to today's homes. The Modern Charm of the Natural Finish Genuine Northern Basswood Splints running vertically has been acclaimed by leading architects.

OUTSTANDING UTILITY Because "Flex-I-Fold" Doors are made of WOVEN WOOD SPLINTS THE AIR CAN CIRCULATE FREELY THROUGH THEM THUS PROVIDING AUTOMATIC VENTILATION FOR OTHERWISE MUSTY CLOSETS. Since "Flex-I-Fold" Doors actually fold to either side there is a great saving of space compared to the use of swinging doors. "Flex-I-Fold" Doors are easily cleaned - merely wipe them with a damp cloth.

OUTSTANDING LOW COST "Flex-I-Fold" Doors come to you Factory-Finished thereby saving all painting cost. These doors require no fitting on the job. They are hung from an ordinary traverse channel in a minimum of time - thus eliminating the costly task of fitting hinges and locks. Most important of all - your original cost is very low!

SPECIFICATIONS

"Flex-I-Fold" Doors are a thoroughly tested product based on a **Manufacturing** Method which has been in use for over 50 years. THE STRONG GENUINE KILN-DRIED NORTHERN BASSWOOD SPLINTS ARE INTERLACED WITH SPECIAL WEAVING CORDS SPACED NOT MORE THAN 4½" ON CENTERS.

Doors come ready for installation with Hanging Hardware and Overhead Track furnished. Doors are Factory-Finished with 3 coats of Natural Lacquer on EACH side. When doors are to be hung in Wood Jambs, use standard "rough openings". However, doors can be hung direct to the wall of "plastered openings" - (thus saving the cost of Jambs and Trim) For intermediate widths, use the price of the next larger width shown. Track can be cut easily on the job with an ordinary saw.

The Heights shown in the Price Table are from the Floor to the inside of the Head Jamb. (3/4" allowance is made to clear the rug). Door Heights can be cut down easily on the job. Complete easy instructions are included.

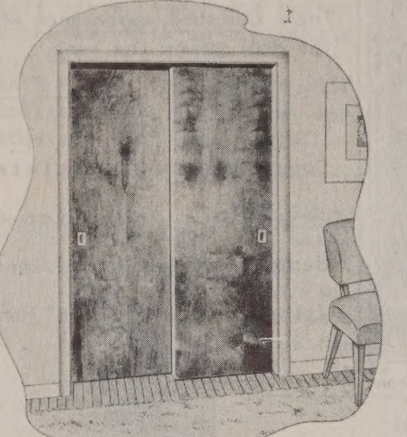
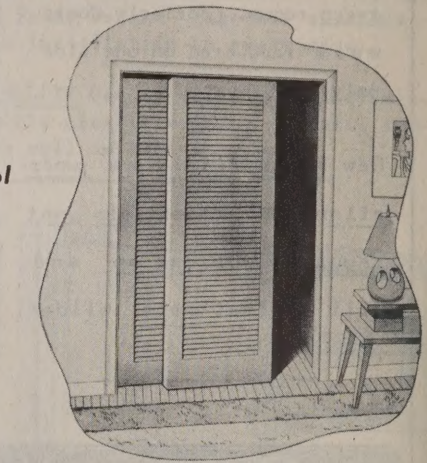
HARRIS "ROLLBY" DOOR UNITS FOR ...

PATENT PENDING

"Rollby" Door Units place every inch of closet space within easy reach.



"Ceiling-to-Floor" Installations are attractive and very economical, since they eliminate much expensive construction.



Featuring:

- *Outstanding Beauty*
- *Smooth Quiet Operation*
- *Lowest Cost*
- *"Finger-Tip" Control*
- *Fast Easy Installation*
- *Tested Construction*

— and —

- ***NO OVERHEAD VALANCE OR HANGING TRACK***
- ***NO FLOOR TRACK***

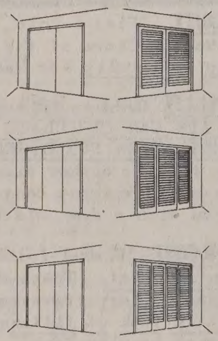
OUTSTANDING BEAUTY...Because the Birch or Gum Flush Doors can be given a natural, stain or paint finish to match the other doors in the house. The Louver Doors with their individually mortised slats have a charm of their own which blends with any style of Architecture. They are particularly suited to closets which require ventilation. No unsightly head valances or floor tracks are needed and the doors Line Up Perfectly with swinging doors in the same room.

FAST EASY INSTALLATION...Because there is no complicated overhead track to install. (The Head Jamb is the Track). No Dirt-Catching Floor Track is needed. (The Lower Doors Roll with "Finger-Tip" Control on the Super-Silent Rubber Tired Wheels - The Upper Doors slide easily.) No "Split Jamb" is required overhead and the doors require no grooving for Floor Guides. The entire unit can be installed in a matter of minutes - Easy-To-Follow instructions are included.

LOWEST COST...Through the elimination of large areas of studding, lath and plaster together with the hardware and labor needed to hang swinging doors.

6'8" "ROLLBY" DOOR UNITS CONSIST OF

1. Two, three or four Doors - 1-3/8" Thick - 6'8" high (Choice of Hollow Core Flush Unselected Gum or Birch - or W.P.Pine Louver Type).
2. Combination Head Jamb and Head Track- W. P. Pine - fully machined - 3/4" x 5-3/8".
3. Rotary Head Guides - Factory-Installed in Tops of Doors.
4. Rubber Tired Ball Bearing Wheels Factory - Mortised and Installed in bottoms of doors.
5. Rotary Floor Guides and Screws.



8'0" CEILING "ROLLBY" DOOR UNITS CONSIST OF

1. Two, Three or Four Lower Doors-1 3/8" Thick (Choice of W.P.Pine Louver Doors 7' 11-1/2" high, or Hollow Core Flush Unselected Gum or Birch Doors - 6' 8" High.)
2. Two to Six Upper Doors - 1/4" Thick Gum or Birch, with Fingerholes; Used with 6'8" Flush Lower Doors to make 8' Ceiling Height. (Louver Doors are 7' 11-1/2" high hence they require no Upper doors.
3. TWO Combination Head Jambs and Head Tracks, W.P.Pine, fully machined, 3/4" x 5-3/8" for use with Flush Doors. (only ONE is needed with Louver Doors.)
4. Rotary Head Guides - Factory-Installed in Tops of Doors.
5. Rubber Tired Ball Bearing Wheels Factory-Mortised and Installed in bottoms of doors.
6. Rotary Floor Guides and Screws.

DETAILS OF 6'8" DOORS AND 7'11-1/2" LOUVER DOORS

IMPORTANT NOTES:

1) Floor and Head Jamb must be level. (However, minor adjustments can be made on the job by placing small washers below Rotary Head Guides to raise them.

2) For 6'8" High Doors the measurement from the Top of the Finished Floor to the Bottom Face of the Head Jamb must be exactly 6'8-3/4". For 7'11-1/2" Louver Doors this measurement must be exactly 8'0" - Thus providing a "Ceiling-to-Floor" Installation for 8 foot rooms where the Bottom Face of the Head Jamb is Flush with the Ceiling Plaster Line. (The Top Rail of 7' 11-1/2" Louver Doors allows cutting down 3/4" on the job if Top Face of Head Jamb is to be Flush with Ceiling Plaster Line instead of Bottom Face.) For "8 foot Ceiling" installations of Flush Doors set Bottom Face of Lower Head Jamb exactly 6'8-3/4" above finished floor. Then allow exactly 12" between lower and upper head jambs, this will permit use of standard 2-1/2" Trim with an 8 foot Ceiling.

3) The Head Jamb can be ripped down easily on the job for use with Dry Wall Construction.

4) Side Jambs for 6'8" are dadoed. Side Jambs for 7'11-1/2" Louver doors are not dadoed but are made for 8' Ceilings. Side jambs for 8 foot Ceiling Flush Doors Installations are dadoed for BOTH Head Jambs.

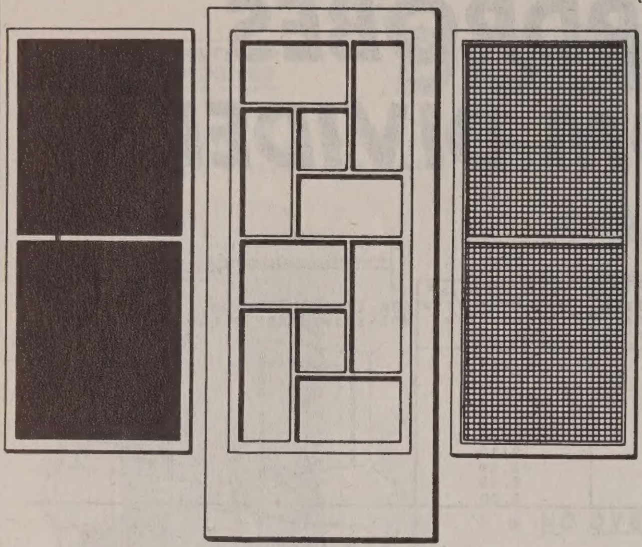
New! "GLAMOUR - GRILLE" Combination Door

(Patent Pending)



Breathtaking Beauty . . .
for Every Entrance

Here, at last, is a Combination Door that will ENHANCE THE BEAUTY of any home. The Dramatic Styling - entirely different from any conventional Combination Door - strikes an ENTIRELY NEW NOTE in ENTRANCE APPEARANCE. Built ENTIRELY OF CLEAR W.P. PINE it is ROT-PROOFED - WATER-PROOFED - TERMITE-PROOFED.

The "GLAMOUR"-GRILLE" consists of FOUR parts - Frame - Glazed Section - Fine Mesh Screen Section - and Grille Section which is PERMANENTLY applied to the Frame Section allowing the Beautiful grille design to be seen THROUGHOUT THE YEAR. The "GLAMOUR-GRILLE" is Custom-Built, therefore please allow extra time for shipment.

No. 10N-717 - The "GLAMOUR-GRILLE" Combination Door

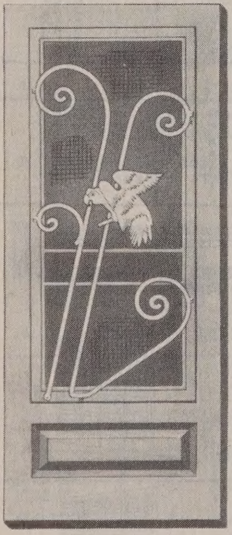
2'8½" x 6'9" - 1-1/8"
3'0½" x 6'9" - 1-1/8"

$29.95

Decorative . . .

DOOR GRILLE

In Hand Wrought Iron



$9.98

This charming new Parrot Grille will lend Distinction to any Home. Made of heavy HAND-WROUGHT IRON it is finished in lustrous White. Especially designed for Harris Brothers it will fit ANY SIZE Harris 8-light or 4-light Combination Door.

We believe this is the FIRST TIME that a Wrought-Iron Grille has been offered at anything approaching this low price.

NO.10N-2661 - PARROT GRILLE, each. . . . . $ 9.98

STANDARD COMBINATION DOORS

A Screen Door in Summer and A Storm Door in Winter

Harris Combination Doors are manufactured of Clear Kiln-Dried W.P. Pine - ROT-PROOFED - WATER-PROOFED - TERMITE-PROOFED. They are glazed with Clear Glass (held by "Kompo-Glaze" instead of old fashioned putty) and the screen wire is fine mesh.

A New Harris Product . . .

"Narrotite" VISION WALLS!

● W. P. PINE ● COMPLETE FRAMES ● GLASS INCLUDED

EXCLUSIVE FEATURES OF "VISION WALLS"

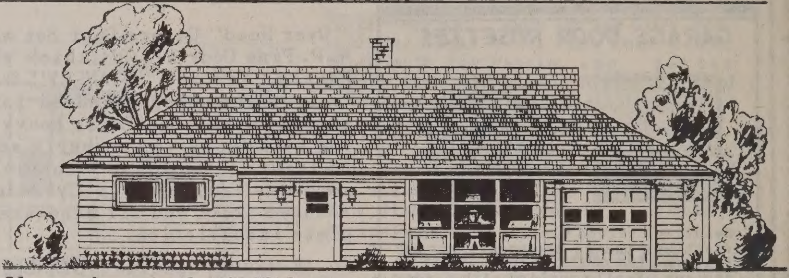
Please do not confuse Narrotite "Vision Walls" with other Units which may APPEAR similar at first glance. We ask that you study the exclusive "Vision Wall" features shown below.

W. P. PINE THRUOUT: EASY TO WORK and EASY TO NAIL - NO FIR TO SPLIT OR CHECK.

COMPLETE FRAMES: With DRIP CAP, OUTSIDE CASINGS, WIDE SILL, 5-1/4" JAMBS and STOOL all machined for easy assembly and installation - NOT just some pieces of Rabbeted 2x6 Lumber.

GLASS INCLUDED: Your choice of SINGLE or DOUBLE INSULATING GLAZING IS INCLUDED in the prices quoted - NOT necessary to buy glass locally at high prices.

"VISION WALLS" are an ENGINEERED "PRODUCT OF DISTINCTION".



Shown above is the "2 Wide-1 High" Unit, Set High in the Bedroom Wall and the "3 Wide-3 High" Unit, as the Living Room "Vision Wall".

Narrotite "VISION WALLS" bring . . .

NEW BEAUTY . . . because nothing lends so much charm to a Home as large expanses of Glass. "Vision Walls" with their trim Mullions are suitable for use with any style of Architecture. They are unique in their ability to make small rooms look larger.

NEW ECONOMY . . . because "fixed glass areas" are the least expensive known Window Treatment - (yet quality is maintained at a Premium). Then too, there is a tremendous saving in WALL MATERIAL (Studs, Siding, Sheathing, Lath, Plaster, Brick, etc.) as well as the great LABOR SAVING.

NEW SALEABILITY . . . because "Vision Walls" mean "more house for less money". Then, too, the "One High" Style Units lend themselves admirably to placement high in the wall of a room thus permitting UNBROKEN WALL SPACE for furniture and giving UNUSUAL PRIVACY. All in all "Vision Walls" are a SALES FEATURE THAT HOME OWNERS WANT.

"VISION WALL" SPECIFICATIONS

FRAMES: W. P. PINE - exposed faces CLEAR. ROT-PROOFED - WATER-PROOFED - TERMITE-PROOFED. Drip Cap 1-1/8" x 1-5/8", Outside Casing 1-1/8" x 1-1/2", Jambs and Mullions 1-3/8" x 5-1/4", Sill 1-3/8" x 5-1/4", Stool 3/4" x 3-1/4". Glass stops MITERED. Completely machined, K.D. For Standard FRAME, BRICK VENEER or MASONRY Walls. Can be cut down on job as much as 1/2" for use with Dry Wall AS THIN AS 1/4".

GLASS: Choice of SINGLE GLAZING - (Clear Window Glass) or 1/2" DOUBLE INSULATING GLAZING (TWO thicknesses of HERMETICALLY SEALED glass with DEAD AIR SPACE BETWEEN - ("THERMOPANE" or "TWINDOW" our option). Glass for "fixed openings" is 45-1/2" x 25-1/2". Glass for ventilator units is 42-1/2" x 22-1/2". Glass PACKED for shipment. MITERED wood STOPS and SPECIAL glazing COMPOUND furnished for ALL glass. SPECIAL Glazing Clips are furnished for Double Glazing.

VENTILATOR UNIT: Consists of CLEAR W. P. PINE - SASH - ROT-PROOFED - WATER-PROOFED - TERMITE-PROOFED, Fully ASSEMBLED and PRE-FITTED. MITERED GLASS STOPS: WEATHERSTRIP APPLIED; ALL HARDWARE; WOOD FRAME SCREEN with Fine Mesh Screen Cloth and HARDWARE APPLIED; SINGLE or DOUBLE GLAZING Packed Separately.

(Ventilator Unit is 45-1/2" x 25-1/2" overall. Can be job installed in ANY OPENING of the "VISION WALL" instead of "fixed" glass. Where Ventilator Units are ordered we ship correspondingly fewer pieces of "fixed" glass.)

TRIM: Clear W. P. PINE Head Casing, Side Casings and Apron in "Curvline" or "Suburban" Style. (STOOL is FURNISHED as part of FRAME.) See Trim Pages for Illustrations.

STORM SASH: Clear W. P. PINE - FACTORY GLAZED with one light of CLEAR GLASS. HARDWARE FACTORY-APPLIED. 45½"x25½" OVERALL. (Storm Sash are not needed where DOUBLE INSULATING GLAZING is ordered.)

SPECIFICATIONS

Narrotite "SLIDEBY" Window Units are manufactured of clear W. P. Pine - ROT-PROOFED - WATER-PROOFED - TERMITE-PROOFED. BOTH sash slide with "fingertip control" for they operate in shining tracks of metal weatherstrip (There is no "wood to wood" contact). When the window is closed it is weatherstripped ON ALL SIDES as well as AT THE MEETING RAILS. The Narrotite "SLIDEBY" Window Units can be used in conjunction with our regular Narrotite Window or Door Frame Units since the frames of all are IDENTICAL IN APPEARANCE. Frames have 5¼" Jambs and can be used with Standard FRAME, BRICK VENEER, or MASONRY Walls. They can be ripped down easily on the Job for Dry Wall Construction. (Dry Wall Frames can also be furnished by us as "Specials"). Storm Sash and "Velon" Screens are available for "SLIDEBY" Units.

For SIZES NOT LISTED
Please write for prices.

During "Framing In" always hold Sheathing back 2½" at the head and 2½" at each side to allow for Blind Stops.

"SLIDEBY" WINDOW UNITS consists of: Glazed-Treated Sash, Treated K.D. Frame, All Weatherstrip

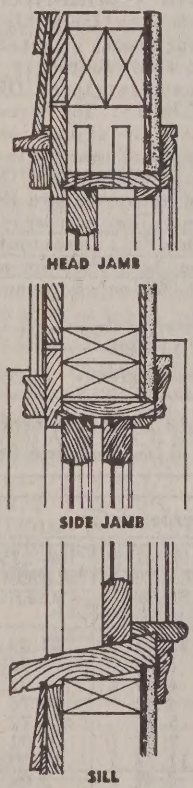
DETAILS

OF NARROTITE WINDOW UNITS

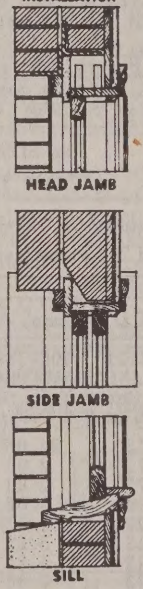
Outside Mullion Casings 1-1/8x1-5/8 inches; Pulley Stiles 3/4 x 4-1/2 inches; Moulded Outside Casing 1-1/8x 1-1/2 inches; Blind Stop (Head) 3/4x 4-1/2 inches; (Sides) 3/4 x 3-5/8 inches; Head Filler Strip 5/8x1-7/8 inches; Drip Cap 1-1/8x2 inches; Sill 1-3/8x7-1/8 inches.

__NOTE__: For Brick Veneer and Masonry construction sill horns should be cut off.

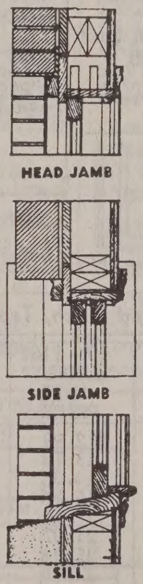
FRAME
INSTALLATION



SOLID MASONRY
INSTALLATION

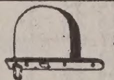


BRICK VENEER
INSTALLATION



PRE-FITTED WEATHERSTRIP

"Narrotite" Weatherstrip is the most efficient on the market today. At the HEAD is a formed ribbed strip of the proper width to receive the top sash. The CHECK RAILS are provided with INTERLOCKING strips for utmost protection. The SILL strip has the same pitch as the sill for easy installation and is ribbed to fit the bottom rail. The JAMB Weatherstrip covers the entire jamb from head to sill. The strip is flanged at each end to form a track so that there is no wood to wood contact. The SASH are FACTORY-GROOVED on ALL SIDES to receive the cut to length Weatherstrip. INSTRUCTIONS, SCREWS and NAILS are INCLUDED.



OVERHEAD SASH BALANCES

Overhead Sash Balances. For Noiseless, Trouble-Free Operation, Completely enclosed, to eliminate the possibility of jamming from Loose Rock Wool Insulation, Plaster, Mortar or dust. Adjustable, with Rust-Proofed Steel Tapes. Balances are placed at left, above Pulley Stile. For sash over 2' 10" wide, four balances are used. Complete installation instructions spring equalizers and tape hooks are included.

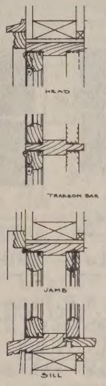
- Storm Sash and Screens INTERCHANGE FROM INSIDE - NO TOOLS Needed
- Completely WEATHERSTRIPPED
- CONTROLLED VENTILATION - Scoops Air Inward and Upward
- Made of Clear W. P. PINE Rot - proofed - water-proofed - termite-proofed
- Positive TIGHT LOCK for Maximum Protection
- Modern HORIZONTAL LINES That Blend with any style of Architecture

Awning Window Unit Details



EXCLUSIVE features of "NARROTITE" Awning Windows

NARROTITE - Awning Windows embody ALL the standard Awning Window features shown above but - IN ADDITION - offer these VITALLY IMPORTANT qualities which NO OTHER WINDOWS POSSESS.

- INDIVIDUALLY OPERATED SASH - permits much better Ventilation Control than when all Sash must operate together.
- EASIEST TO INSTALL - because all parts are completely machined and prefitted. Weatherstrip is Factory - Applied.
- NO EXPENSIVE ADJUSTMENTS - because the simple efficient Hardware operates each sash individually.
- TIGHTEST CLOSING - of all the windows tested. Under HOSE PRESSURE not a drop of moisture penetrated the Narrotite Unit. ALL CORNERS are tight.
- MATCH NARROTITE DOOR AND WINDOW FRAMES in Appearance.
- LOWEST PRICES BY FAR - at last Awning Window Units are available at prices which permit their use in even the lowest cost Home.

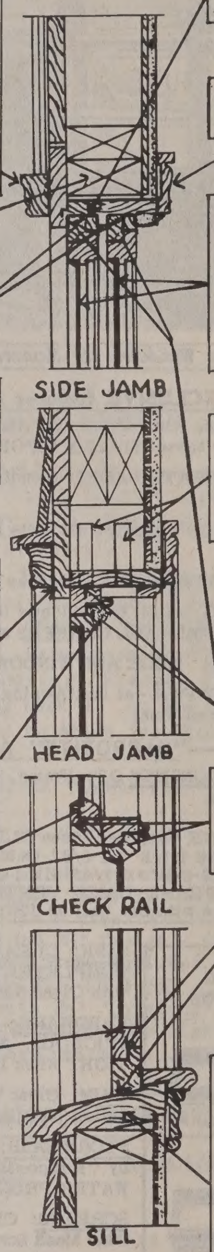
Kwik-Kleen FEATURES



"KWIK-KLEEN" Units can be USED IN COMBINATION with "NARROTITE" Window, Door, Studio Sash and Picture Window Units inasmuch as ALL FRAMES ARE IDENTICAL IN APPEARANCE.

NO WEIGHTS
NO CORDS
NO PULLEYS

Sash Balances remain attached to sub-sash; no danger of cutting hands.

STOCK SIZE Screens, Storm Sash and "Presto-Change" Units are JUST RIGHT for use with "KWIK-KLEENS".

NO TOOLS of any kind needed to remove or replace sash.

BOTH sash may be removed for FULL VENTILATION.

Glass held by "KOMPO-GLAZE" instead of old-fashioned putty.

FULL JAMB TENSION-TYPE WEATHERSTRIP.

STREAMLINED for Narrow Modern Trim.

BOTH top and bottom Sash REMOVE in an instant (NO TOOLS Needed) for quick easy cleaning inside the room — WITHOUT removing stops.

Powerful Overhead SASH BALANCES mean "Fingertip Control." No danger of Sash falling.

TENSION-TYPE WEATHERSTRIP at 16 vital surfaces. Water tight and Airtight.

Frame and Window ROTPROOFED-WATERPROOFED-TERMITE PROOFED with a colorless solution which also acts as a primer and saves a coat of a paint.

And Remember ... "Kwik-Kleens" are!

- COMPLETELY ASSEMBLED - ready to put in wall opening.
- EASY to install - EASY to operate - NOTHING TO GO WRONG.
- REMOVABLE in a twinkling - almost without effort - NO pushing or tugging as on other units.

NEW LOW PRICES !

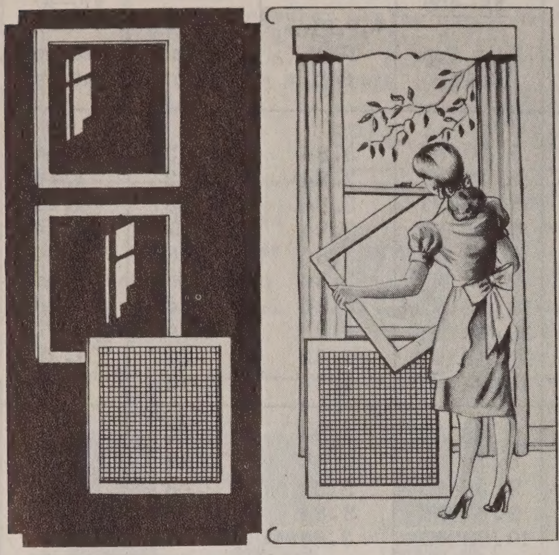
HARRIS "Presto-Change" SCREEN — SASH UNIT

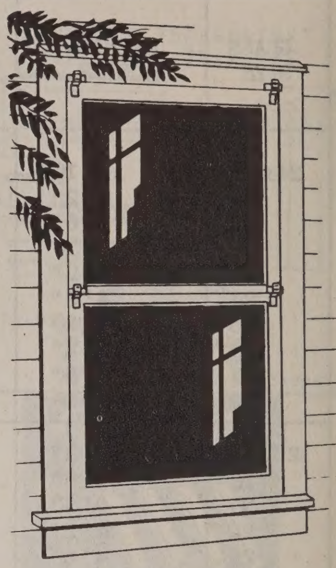
A SCREEN IN SUMMER .... A STORM SASH IN WINTER



"PRESTO" . . .
AND THE CHANGE IS MADE

IMPORTANT NOTES:

1. *Stiles and Top Rail (of Top Sash) measure 2" face.*
2. *Bottom Rails (of Screen and Bottom Sash) measure 4" face.*
3. *A Special Rabbet occurs at the horizontal Meeting Rails.*
4. *The overall unit may be trimmed 1/2" in width (1/4" from each stile) and 1-3/4" in height (1/4" from Top Rail and 1-1/2" from Bottom Rail) for fitting purposes.*
5. *The Top Sash is intended to stay in place at all times since the Screen and Bottom Sash hang from it. Of course, the Top Sash can be removed easily for cleaning.*
6. *If a TOP SCREEN is wanted please write for price.*



NO EXTRA FRAME
MAXIMUM LIGHT
AND VISION

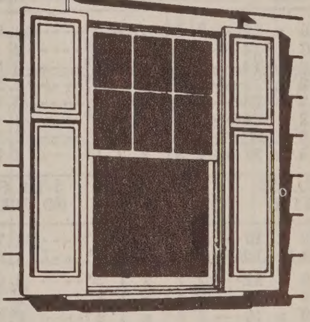
NO. 10G-5404

LOUVRE TYPE

W.P. PINE SHUTTERS

FOR PROTECTION.....FOR BEAUTY

Manufactured in our own Factories of clear W.P. Pine. Chemically treated to resist rot and termites. Stiles and top rails are 1-1/8"x2". Bottom rails are 1-1/8"x3-3/4" (Bottom rails permit cutting down on the job for tight fit where wanted). The Louvre sections of 10G-5404 are actually solid (for greater protection) but give the appearance of individual slats. 10G-5414 has SOLID RAISED PINE PANELS.



NO. 10G-5414

PANEL TYPE

IMPORTANT NOTES!

Where Shutters are to be Ornamental and Stationary they do not have to be the exact size of the Window. Use the following method in figuring Widths:

a. Use 2'4" shutters for Window Sizes up to and including 2'6".

b. Use 2'10" shutters for Window Sizes up to and including 3'0".

c. Use 3'4" shutters for Window Sizes over 3'0".

Heights should be 1-1/2" higher than Window. Thus a 2'4"x4'6" Window requires a 2'4"x4'7½" Shutter. Standard Door Shutters are used for 6'8" doors.

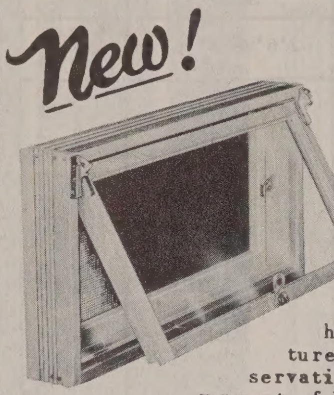
BASEMENT UNITS AND GLAZED SASH

ROT-PROOFED - WATER-PROOFED - TERMITE-PROOFED

"KOMPO-GLAZE" used on all Harris Sash ends old-fashioned putty troubles. Please write for Prices of any Sash Not Listed.

"MODERN" BASEMENT UNITS - KILN DRIED PONDEROSA PINE

COMPLETELY FACTORY ASSEMBLED



"Just Open the Carton and Slip the Units into the Wall"

This Basement Unit has been engineered to fit a Modular Opening and it is adaptable to Solid Concrete Walls, Brick or Concrete Block Walls. The "Modern" Basement Unit is completely WEATHERSTRIPPED, thereby eliminating the need for a Storm Sash. This Unit includes a SET-UP Frame, a One-Light GLAZED Sash, a Fine Mesh SCREEN, and ALL HARDWARE. THE WEATHERSTRIP AND ADJUSTABLE HARDWARE ARE APPLIED AT THE FACTORY. All Units are "ECONO-PACKED"--Two units TO A CARTON--to facilitate handling. Treated with National Woodwork Manufacturers Association approved Water-Repellent Wood Preservative. Glass Size of Sash is 28"x12". OUTSIDE measurement of Frame is 2'8"x1'4". (Just right for four concrete Blocks 8'x16".) NO.10K-3370 "MODERN" BASEMENT UNITS. Sold Only in multiples of two.

TWO Units packed in ONE carton for **$17.54**

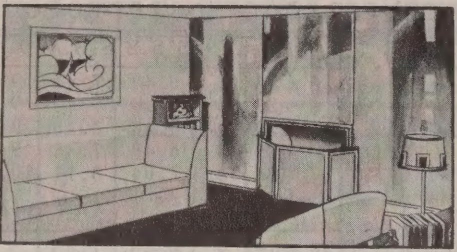
PLATE GLASS MIRRORS—GLASS WALL BLOCKS

2-Coat Back

Superior Quality



Polished Plate

¼-Inch Thick

Complete any decorative scheme . . . bring warmth and beauty to any room. A panel or complete wall of mirrors will give the effect of enlarging the size of a room, and is ideal for use where it is desired to create an illusion of spaciousness beyond the actual room dimensions. Many unusual and attractive effects can be secured by the use of both plain and colored mirrors.

Made of finest polished plate glass, ¼-inch thick, with silver backing. Approximate weight, 4 pounds per square foot.

Prices Quoted are Per Mirror, with Clean Cut Edges.

Daylighted Walls—Clean and Well Insulated

Featured by leading architects—given more publicity in building magazines and trade papers than any building product. Take advantage of our low prices and quick service. Send us your order for Glass Block.

Glass blocks are made of clear colorless glass. The light which streams through them is a full daylight tone. Made with fused seals which insure a dry dead air space within the block, so important to efficient insulation.

Glass blocks are laid up like ordinary brick-work, and are supplied for straight or curved walls. Choice of two popular designs . . . Argus or Decora patterns, in 6, 8 or 12-inch sizes, 3⅞ inches thick. Forty 6-inch; twenty-three 7-inch or ten 12-inch blocks required for each ten square feet of panel area. We will furnish, on request, book with complete technical information and details of installation.

DOUBLE PANE INSULATING PLATE GLASS

Insulates and Beautifies your home both inside and out. Effectively shuts out Cold Air - eliminates the need for Storm Sash. Saves Fuel, stops heat leakage formerly lost through single pane windows. Helps to keep your home warmer in winter and cooler in summer. Flawless Plate Glass gives you a better view, eliminates the distortion of ordinary window glass. Stops window frosting and fogging. Easy to wash.

DOUBLE PANE INSULATING PLATE GLASS UNITS

Units 1" thick made of 2 sheets of highly polished 1/4" Plate Glass, with 1/2 inch of insulating Air Space hermetically sealed.

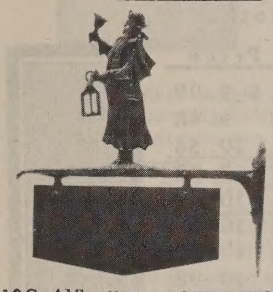
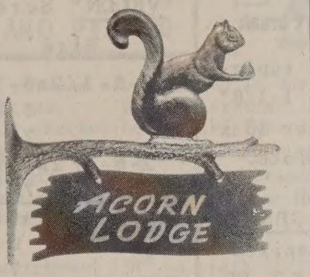
ALUMINUM HOUSE MARKERS

House Markers are more than a charming welcome, for when attached to a tree, post or side of the house, they add a note of distinction which sets any home apart from its neighbors. They are reproduced from beautifully hand carved models - and cast with select ALUMINUM alloy ingot, finished in weather proof black, and skillfully hand rubbed to a lustrous Swedish iron finish. Lettering is not included.

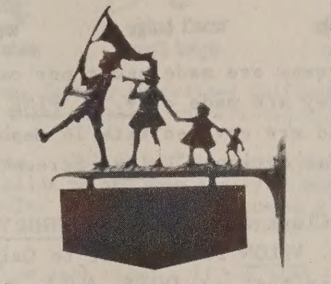
STANDARD SIZE - Approximately 12" Long by 12" High.



10G-418 THE TOWN CRIER Reminiscent of quaint New England life.
PRICE........... $5.45

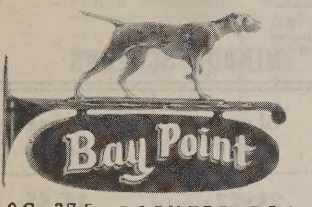


10G-428 SQUIRREL. This "pert" fellow is right at home in your front yard.
PRICE............ $5.45

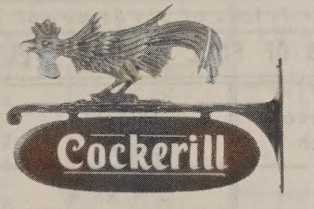


10G-420 PLAYIN' SOJER. Makes an especially interesting marker.
PRICE.............. $5.45

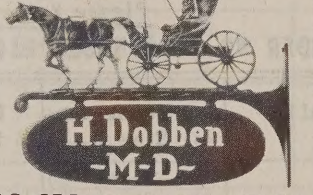
LARGE SIZE - Approximately 16" Long by up to 20" High.



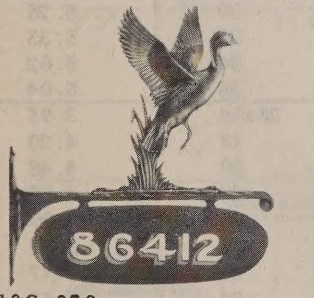
10G-375 POINTER DOG. Will serve as a lifetime guide to your friends.
PRICE.......... $9.88



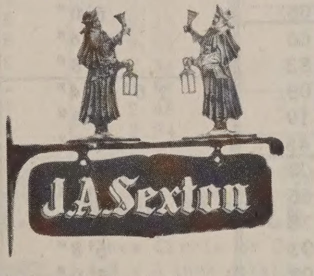
10G-371 FIGHTING COCK. Mastery of design and realistic detail of reproduction. Price.. $9.88



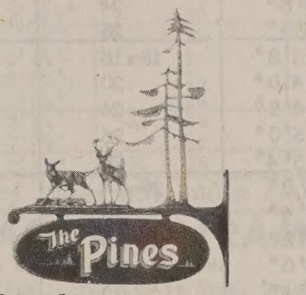
10G-373 THE COUNTRY DOCTOR A familiar scene of yesteryear... for the rural home.
PRICE............ $11.96



10G-372 MALLARD DUCK IN FLIGHT AT TAKE OFF. An ideal design for the Huntsman. PRICE.. $11.96



10G-318 TWO TOWN CRIERS. A new design which embodies all the charm of yesteryear.
PRICE............ $11.96



10G-377 WOODLAND ALARM. Secrets of the deep forest in this graceful design.
PRICE............ $11.96

WEATHER VANES

The wind doth blow... and what better way to chart its course than with a Weather Vane. All models are made of ALUMINUM and all are beautifully finished in Satin Black. All models include Direction Letters and Special Universal Bases. (See below)

The UNIVERSAL BASE

The Universal Base Provides easy installation on roof of any angle. Constructed from heavy cast Aluminum.

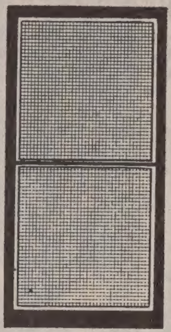
Full Height Genuine "Velón" Window Screens



won't stain

won't bulge

won't break

Harris Screens are made under our own supervision. They are made of W. P. PINE - 1-1/8" Thick - and are covered with 16 mesh or 18 x 14 mesh (our option) "Velon" Screen Cloth.

We regard VELON Screen Cloth as one of the TRULY GREAT DISCOVERIES of our time. VELON is superior to Galvanized or Bronze Screen Cloth in that it DOES NOT RUST OR BLEED. VELON is TREMENDOUSLY RESISTANT TO IMPACT and it makes a TIGHT "NO-SAG" APPEARANCE.

Harris Screens are MADE "OVERSIZE" to permit accurate fitting.

HARRIS "VELON" SCREEN DOORS NO. 10G-540. Made of W. P. Pine 1-1/8" Thick, and are covered with 16 mesh or 18x14 mesh (our option) "VELON" Screen Cloth.

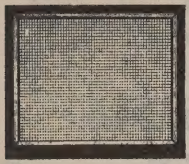
Half Height Genuine "Velon" Window Screens



W. P. PINE FRAMES

MORTISED, TENONED

AND PINNED

Harris Half Height sliding screens are produced in our own factory by trained Craftsmen working with Modern High-Speed Machines. Every operation is under constant supervision and the completed screens are carefully checked before shipment is made.

These screens are made of W.P.Pine - 3/4"x1-3/4" full bound. Joints are Mortised, Tenoned and Pinned. Side stiles are factory-grooved so that screens slide up and down easily on tongue strips which are furnished with each screen. One Lift (or Handle) is furnished on screens 2'8" wide and under. Two Lifts are furnished on wider screens. Screening is genuine "Velon" (16 Mesh or 18 x 14 our option).

"Half height screens can be trimmed 1/8" in width (1/16" on each side). If you wish to plane down each slide strip 1/16 of an inch on each side, you can then trim the screen an additional 1/8" in width.

Our stock half screens can be trimmed 1/2" in height (1/4" from the top rail and 1/4" from the bottom rail).

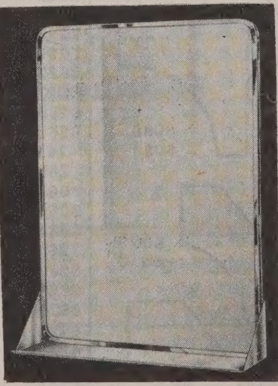
Price special each........................$6.47



The "VANITY" MIRROR

Hangs on Wall or Door
Stands on Shelf or Table

(NOT A MEDICINE CABINET)

This attractive unit is ideal for use in the Home as well as in Hotels, Motor Courts and Schools. The Mirrors are bound with Stainless Steel Frames and the Stainless Steel Shelf is perfect for holding Cosmetics and Shaving Articles. The "Vanity" will hang on the wall or stand as a self supporting unit on the dressing table.

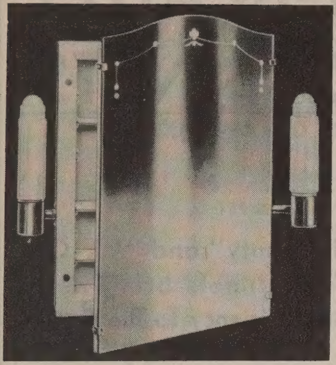
LIGHTED MEDICINE CABINETS



DE LUXE "VENELITE" MEDICINE CABINETS

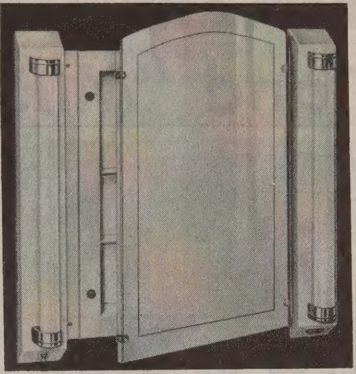
POLISHED PLATE MIRROR
16" x 24"

BUILT-IN TUBULAR LIGHT FIXTURES

WALL OPENING
14" x 20"

NO. 10E-3290 The graceful light fixtures (complete with glass mantels) make this a most popular model. Chromium light brackets; toggle switch on one bracket controls both lights; "convenience" outlet for electric appliances on opposite bracket. Cabinet specification same as NO. 10E-1645 on opposite page. Bulbs NOT furnished.

NO. 10E-3290 - Each	$20.68

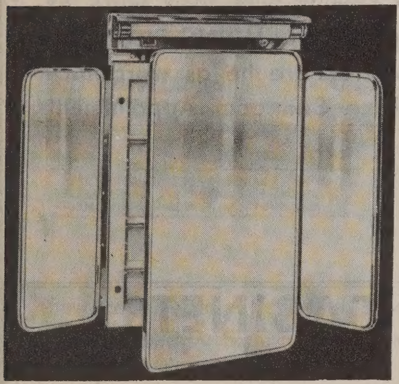


The "ECONOMY-FLUORESCENT"

$24.38

Here for the first time is a Fluorescent Cabinet at a truly low price. However Quality has been maintained throughout. The mirror is of Polished Plate Glass. Chrome Plated Light Brackets are mounted on the gleaming baked enamel Cabinet. Two 15 Watt Fluorescent Bulbs are included, as are Chrome Plated Toothbrush Holder, Razor Blade Drop, Adjustable Bulb Edge Glass Shelves, Full Length Piano Hinge and "Convenience" outlet for electrical appliances.

10E-3300 - 14"x22" Mirror - 11½"x18" Wall Opening	$24.38

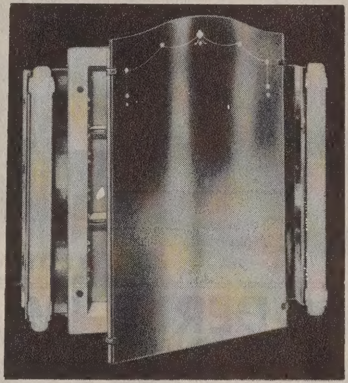


The "FLUORESCENT-WINGLINE"

Choice of Two Popular Sizes

The Specifications covering this charming new cabinet are the same as those for the regular "Wingline" cabinet shown on the opposite page except that a 14 watt Fluorescent Light is mounted horizontally in a Chromium Plated Bracket above the mirror. A Hood directs the light downward. The Cabinet includes a "convenience" outlet for electrical appliances.

10E-2200 - 16" x 22" Center Mirror - 8" x 20" Wings - Overall Width 33"-Wall opening 14½"x17½"	$36.30
10E-2250 - 16" x 24" Center Mirror - 8" x 20" Wings - Overall Width 33"-Wall opening 14½"x19½"	$38.54



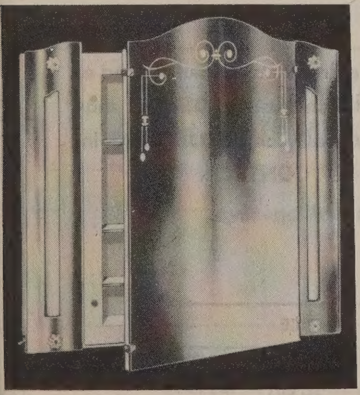
The New "FLOR-O-LITE" MEDICINE CABINETS

Choice of Two Popular Sizes

These new Cabinets - Complete with Fluorescent Bulbs - are we believe, the finest values on the market today. We earnestly request that you study the Specifications listed below.

Two 15 watt Fluorescent Bulbs are included. Graceful Chromium Plated Brackets hold the bulbs. Full Length Piano Hinge, "Convenience" outlet for electric appliances, tooth brush holder, razor blade drop, adjustable bulb edge glass shelves are all included.

10E-31500 - 16"x24" Polished Plate Mirror - 14"x20½" Wall Opening	$31.83
10E-32500 - 18"x26" Polished Plate Mirror - 16"x22½" Wall Opening	$35.57

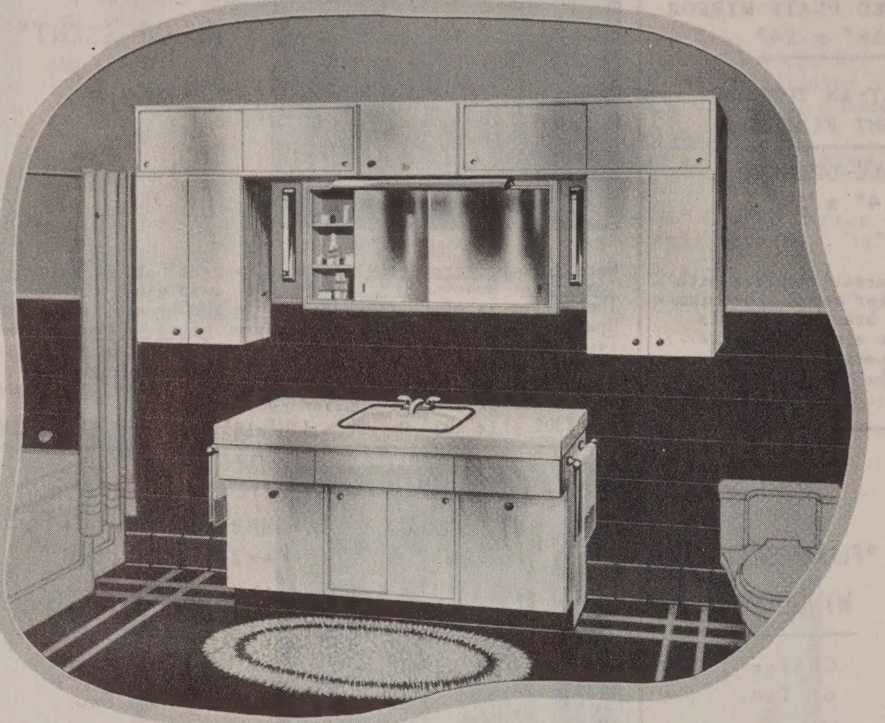


The Super "WINGLINE"

This is the finest Cabinet in our line. The Mirrors are Beveled Polished Plate. Soft glareless indirect lighting is achieved by means of cutaways in the side mirrors. The lighting is perfect for shaving or makeup. Two 15 Watt fluorescent bulbs are enclosed in the cabinet thus lighting the interior as well. Razor Blade Drop, Chrome Plated Piano Hinge and Toothbrush Holder are Standard Equipment, as is the "Convenience" Outlet for Electrical Appliances. Shelves are Adjustable Bulb Edge Type.

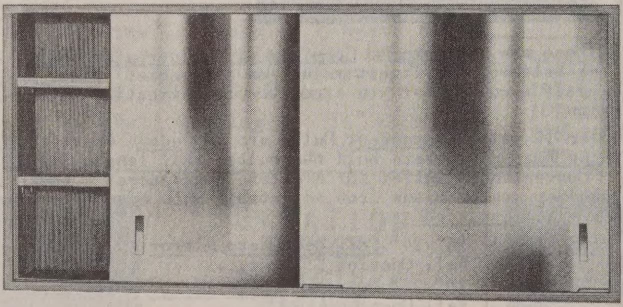
10E-3000 - 16"x24" Center Mirror - 4"x22½" Wings - overall size of mirrors 23¾"x24" - Wall Opening 22-1/8"x20-3/4"	$43.98

...for AMAZING BATHROOM BEAUTY
"Birch-Beauty" and "MIR-O-SLIDE" CABINETS



"Birch Beauty" and "Mir-O-Slide" Cabinets bring new Modern Efficiency to the Bathroom. The **NATURAL BEAUTY OF BIRCH GRAIN** in the Vanities and Wall Storage Units strikes a new note in Decoration. (Of course you can paint these units to match any color scheme.) The "Mir-O-Slide" Cabinets with their wide expanses of **SLIDING** Plate Glass Mirrors are the last word in DeLuxe Bathroom Appointments.

NEW! MODERN *"MIR-O-SLIDE"* CABINETS



No. 10N-716 *"MIR-O-SLIDE"* CABINET

Featuring:

- **HORIZONTAL SLIDING Plate Glass Mirrors**
- **The First TRULY LARGE Bathroom Cabinets**

Now, for the first time, you can have Bathroom Cabinets large enough to solve **ALL** Storage Problems. Manufactured of Clear W.P. Pine—**COMPLETELY ASSEMBLED**—they are truly the last word in fine Cabinet Construction. **DEEPER** than ordinary Bathroom Cabinets—they can be used for **FLUSH** installation in 6 inch or deeper walls, or **PROJECTING** installation in 4 inch walls. Special construction features permit the mirrors to slide with **FINGER-TIP CONTROL.**

Allow approximately 3/8" in width and height over sizes shown below for rough wall openings.

No. 10N-716 *"MIR-O-SLIDE"* CABINETS

OVERALL WIDTH	OVERALL HEIGHT	DEPTH	PRICE
36"	23"	5⅝"	$35.90
46"	23"	5⅝"	39.90

NEW! *"Birch-Beauty"* BATHROOM CABINETS

Available in three styles: **SEMI-ASSEMBLED** ("K-D"), **FULLY-ASSEMBLED** ("Set Up"), **FULLY-ASSEMBLED AND LACQUERED** ("Lacquered"). (Please see page 40 for Description of these three styles and for complete Specifications.)

Units can be placed **SIDE BY SIDE** to create many attractive Wall and Base Arrangements. **END PANELS** are needed for **EXPOSED END UNITS ONLY** thus **REDUCING THE COST** greatly.

FORMICA LAVATORY TOPS

These tops feature truly fine Workmanship and excellent Design. Formica, in the same color and pattern as used on the top surface, is BONDED TO THE EDGES—thus creating a MASSIVE 2½″ HIGH top. Tops are 19″ deep.

"FORMICA" COLORS

Formica LAVATORY tops are available in the following colors and patterns:

GREY MOTHER OF PEARL
BLUE MOONGLO
YELLOW MOONGLO
GREY MOONGLO
GREEN MOONGLO
RED MOONGLO
GREY LINEN
BLUE LINEN
YELLOW LINEN
GREEN LINEN
FIESTA RED LINEN
TAN LINEN

Be sure to specify Color and Pattern

IMPORTANT NOTES—PLEASE READ!

1. All tops are Custom-Built and not subject to cancellation or return.
2. Prices of tops include FACTORY-INSTALLED 19″ x 15″ WHITE Pressed Steel Lavatories. If COLORED Lavatories are wanted—See Rule B under "EXTRAS."
3. Lavatories are always installed in Center of tops unless otherwise specified. If Lavatories are to be placed in locations other than the exact center you must send a sketch showing the measurements from the center of the Lavatory to each end of the top.
4. If you wish Top to "overhang" at either end be sure to allow for this when stating length of Top.

PRICES OF FORMICA TOPS WITH WHITE LAVATORIES

SIZE	PRICE
24″	$67.35
42″	83.85
48″	87.83
60″	95.70

Be Sure Your Order Specifies COLOR and PATTERN of FORMICA

EXTRAS

A. For INTERMEDIATE SIZES or LARGER THAN LISTED Sizes add to the NEXT SMALLER SIZE $.62 per lineal inch.

B. For COLORED LAVATORIES (Ivory, Blue, Buff, Coral or Green) instead of White add $2.55 and BE SURE TO SPECIFY COLOR WANTED.

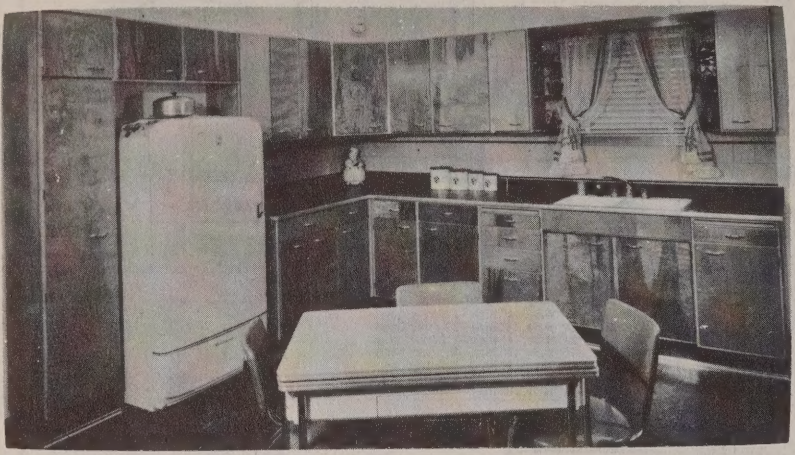
C. **4N-6080—LAVATORY FITTINGS** (consist of Chrome Plated Brass Mixing Faucet with Pop-Up and Strainer)—$8.95.

D. **4N-6081—LAVATORY FITTINGS** (same as 6080 except with Chain and Rubber Stopper instead of Pop-Up)—$5.95.

"Birch-Beauty" KITCHEN CABINETS!

NOW AVAILABLE IN THREE STYLES:

1. ***Semi-Assembled***
2. ***Fully-Assembled***
3. ***Fully-Assembled and Lacquered***



OUTSTANDING QUALITY

At Amazingly Low Prices!

WE PROUDLY PRESENT - "A New Thought in Kitchen Cabinets." Because all the most essential parts of these Cabinets (see specifications) are fabricated of BIRCH it is possible to achieve the thrilling beauty of NATURAL BIRCH FINISH at hitherto unheard of Low Prices! (of course Cabinets can be painted if desired).

There are TREMENDOUS SAVINGS to you in "Birch-Beauty" Cabinets -- savings which go FAR BEYOND the low prices of the Cabimets themselves. Consider, for example, the fact that you buy END PANELS for the EXPOSED END UNITS ONLY of your Cabinet Arrangement. Because all the INTERMEDIATE Units have OPEN ENDS you not only FURTHER REDUCE YOUR COST but at the same time achieve CONTINUOUS SHELVING which permits the storage of LONG OBJECTS which ordinarily will not fit into Kitchen Cabinets. When you use the "OPEN-SHELF UNITS" in your Cabinet Arrangement, you not only add greatly to the Charm of the Kitchen but actually save money - for these clever Units REPLACE THE REGULAR END PANELS.

And now you may order your "Birch Beauty" cabinets in your choice of three styles - Semi-Assembled ("K.D.") - Fully Assembled ("Set Up")-Fully Assembled Lacquered ("Lacquered). BE SURE YOUR ORDER SPECIFIES WHICH TYPE YOU DESIRE.

—SPECIFICATIONS—
"Birch-Beauty" CABINETS

SEMI-ASSEMBLED STYLE ("K.D")

All Frames are FULLY ASSEMBLED and MILLED with connecting holes DRILLED and COUNTER SUNK - ready for quick easy setting up on the job. All other parts are COMPLETELY MILLED for job assembly. All parts are SMOOTHLY SANDED ready for NATURAL FINISH to bring out the BEAUTY of the BIRCH or for paint. Easy-to-follow Assembly Instructions are included.

FULLY-ASSEMBLED STYLE ("Set-Up")

Cabinets are completely assembled ready to finish with Hardware applied as shown on the following pages. IF YOU WISH HARDWARE APPLIED ON THE OPPOSITE SIDE FROM THAT SHOWN YOUR ORDER MUST SO SPECIFY.

ASSEMBLED-LACQUERED ("Lacquered")

Cabinets are fully assembled as described above and finished in high-luster clear lacquer to bring out the natural beauty of the Birch grain.

Doors, Drawer Fronts, Vent Fronts, Louvres, End Panels and Open End Shelves are all manufactured from BIRCH FACED plywood. Drawer Bottoms and Cabinet Backs are of GENUINE PLYWOOD. Remainder of Units is of Kiln Dried Pine.

Doors are HEAVY FLUSH-LIPPED type giving maximum dust protection and are COMPLETELY PREFIT.

Drawers are of Lipped-type DOVE-TAILED Construction. They slide smoothly on Special 3 Point Suspension. Where indicated, METAL LINED BREAD DRAWERS are furnished. These are completely assembled.

All necessary HARDWARE IS INCLUDED. Modern Design CHROME Plated Pulls and Concealed Hinges are featured. Necessary Connector Bolts are furnished.

All Units are carefully packaged, complete with easy-to-follow instructions, for safe clean delivery and space saving storage on the job.

FACTORY-FABRICATED Formica or Linoleum tops are available. Attractive Metal Edge Moulding is applied to all tops. Sink Tops include Factory-Applied 4" High Back Splashers and Double Bowl Sinks installed.

ABOVE UNITS HAVE 2 SHELF SPACES

IMPORTANT NOTES — PLEASE READ!

1) Wall Units require **"END PANELS"** only when one or both ends are **EXPOSED.** Order No. WP14, WP18 or WP30, depending upon **HEIGHT** of Unit. **"OPEN SHELF UNITS"** WS18 and WS30 can be used to replace **"END PANELS"** on 18" and 30" Units.

2) Where Wall Units of **TWO DIFFERENT HEIGHTS MEET** they require an **"ADJOINING END PANEL"** to cover the exposed portion of the higher Unit. For example—if a 14" Unit meets a 30" Unit, you should order No. WP16—which is a 16" **"ADJOINING END PANEL".**

3) Wall Units are available in so many widths that it is usually easy to make a "Wall-to-Wall" Layout. However **"FILLER UNITS"** No. WF14, WF18, or WF30 (depending upon Height of Unit) can be used to make a perfect job.

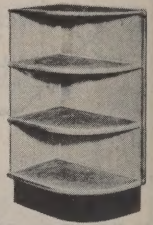
"BIRCH-BEAUTY"
Base Open Shelf End Panel Units

(Always Shipped Completely Assembled)

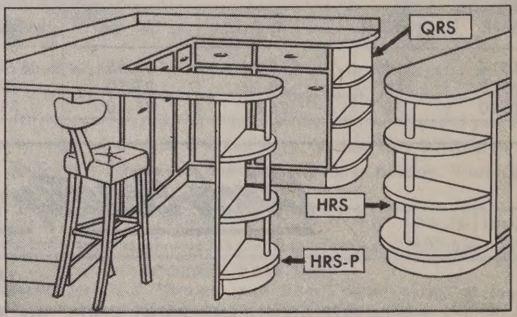
HRS
HRS-P

These clever units are very much in demand for Today's Modern Kitchens. Note that where QRS or HRS are used it is not neces-sary to order a No. BP30 Base End Panel.

	Set Up	Lac-quered
QRS BASE RIGHT ANGLE Open-Shelf End Panel Unit	$15.42	$16.98
HRS BASE HALF CIRCLE Open-Shelf ⅜" Thick End Panel Unit	15.43	17.00
HRS-P BASE HALF CIRCLE Open-Shelf ¾" Thick End Panel Unit	16.12	17.40



QRS
LEFT SHOWN
Specify
Right or Left



THE ABOVE PICTURE SHOWS THE PROPER USE OF QRS, HRS and HRS-P. Note that HRS (which has only a ⅜" **Thick Birch End**) is **directly against** an adjoining Base Unit whereas HRS-P (Which has a ¾" **Thick Birch End**) is used for support of an open counter-top.

SPECIAL SIZES

While it is possible to make a perfect "Wall to Wall" Cabinet Layout by using **stock cabinets** together with Filler Units we can **cut down SOME Base** and **ALL Wall Units in Width** (Not in Height or Depth). To arrive at price of Special Width Cabinets add 20% to the price of the **next wider stock unit.** These Special Width Cabinets are **NOT** subject to cancellation or return.

IMPORTANT NOTES

1. Base Units which do **NOT** have Doors cannot be cut down.
2. **CORNER UNITS** cannot be cut down.
3. Broom Utility Units, Open-Shelf-End Panel Units, Filler Units, End Panels, etc. **CANNOT** be cut down.

"FORMICA" and LINOLEUM TOPS

NOW Completely Built-Up with Smooth-Faced Metal Mouldings Applied

"FORMICA" COLORS

Formica cabinet and sink tops are available in the following colors and patterns:

GREY MOTHER OF PEARL
BLUE MOONGLO
YELLOW MOONGLO
GREY MOONGLO
GREEN MOONGLO
RED MOONGLO
GREY LINEN
BLUE LINEN
YELLOW LINEN
GREEN LINEN
FIESTA RED LINEN
TAN LINEN

Be sure to specify Color and Pattern

LINOLEUM COLORS

Linoleum cabinet and sink tops are available in the following Marbelized colors:

GREY
BLUE
YELLOW
RED
BLACK
GREEN

Be sure to specify Color wanted.

"FORMICA" or LINOLEUM CABINET TOPS

These Tops are the last word in fine Craftsmanship. The Formica or Linoleum is factory-applied under pressure to heavy Five Ply Fir Plywood. tops are 24" wide and come with attractive smooth-faced Metal Moulding factory-applied. Cabinet tops do not regularly include Back Splashers but can be furnished with Back Splasher applied if desired. (see "Extras and Deductions" below).

"FORMICA" or LINOLEUM SINK TOPS

Formica or Linoleum Sink Tops with Sink Frames and with Double Bowl Ledge type Steel Sink (21" x 32") Factory-Installed are similar to our cabinet tops in color, size and construction except that the sink tops INCLUDE factory-applied 4" high Back Splashers. If Cast-Iron sink is wanted (instead of steel) see "Extras and Deductions" below. Sinks will fit our "Birch-Beauty" Sink Base Units or Sink Front Units 36" and larger.

IMPORTANT NOTES - PLEASE READ ! !

1. All tops are Custom-Built and not subject to cancellation or return.
2. Where top is to be used with No. BC25 Corner Base Unit, No. BCF25 Base Corner Filler Unit or No. RC2330 Roto-Shelf Corner Base Unit, you must send a sketch of your cabinet layout (Because these units take 25" of wall space thus requiring extra wide tops which the factory furnishes at no extra charge)
3. Sinks are always installed in Center of tops unless otherwise specified. If sinks are to be placed in locations other than the exact center you must send a sketch showing the measurements from the center of the sink to each end of the top.
4. If you wish Top to "overhang" at either end be sure to allow for this when stating length of Top.

FIR PLYWOOD

Harris "Sound" Fir Plywood is superior to Lath and Plaster. Saves time in construction. Will not crack, warp, twist or shrink. Furnished in large panels, easily sawn with or across grain. Nails may be set to the edge of panel without splitting. Wood mouldings used with fir wallboard make attractive decorative effects or joints may be left uncovered if applied carefully.

Ideal for making cabinets, drawers, table tops, shelves, cupboard doors, etc. Sanded on both sides, ready to varnish, paint or stain. Possesses the beauty of wood, plus four times its strength, plus handling ease of wallboard.

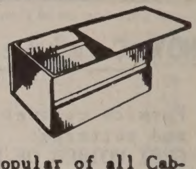
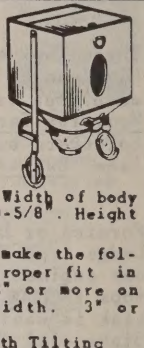
ACCESSORIES



Make CABINETS out of CUPBOARDS

BREAD BOX

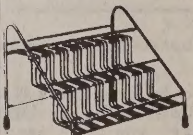
This is the most popular of all Cabinet Accessories and should be included in every Modern Kitchen. The Bread Box has a sliding lid with perforations for ventilation and is designed so that it can be applied directly to a wood drawer front. It is 11¼" wide by 17" long by 8" high. (allow 1/4" additional clearance in planning Cabinet Openings.)
10E-2506G -BREAD BOX-each.....$3.28



FLOUR BIN
With
Tilting Arms

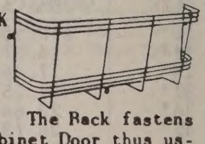
This is a "must" Accessory in every Kitchen. We sincerely believe that our Flour Bin is the best value on the market today. Depth front to back 9-3/8". Width of body 10½". Height of body 9-5/8". Height of bin overall 16".

Note: When ordering bin make the following allowances for proper fit in cabinet openings- 1/2" or more on Depth. 1" to 1¼" on Width. 3" or more on Height.
10E-1133- Flour Bin With Tilting Arms.......................$5.45 each



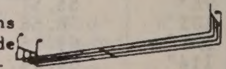
THE
CONDIMENT
STEP SHELF

This Clever Accessory allows all condiments to be stored within easy reach. The Step Shelf is free-standing and can be placed on the top of the Base Cabinet or inside the Cabinet. It is 10" long by 7¾" high by 8" deep. The shelves are standard 2-3/8" deep. Legs have rubber tips. 10E-9943 Condiment Step Shelf - each...........$2.30



PAN and LID RACK

This handy Accessory solves the problem of storing Pans and Lids. The Rack fastens to the back of Cabinet Door thus using waste space. It is 12" long by 6¼" high by 2¾" deep at the top.
10E-9112A Pan and Lid Rack - 3 for.........................$2.18



CUP RACK

This rack fastens to underneath Side of Shelf, utilizing lost space. Tilt prevents Cups from sliding off. Rack Holds 6 Cups. Reduces the expense of broken handles and chipped edges.
22-3/8" long by 3" high by 3½" deep.
10E-9919B-Cup Rack- 3 for..... $2.18

COLONIAL CORNER CABINETS

These cabinets are perfectly proportioned, and combine superior construction, the result of careful planning, with a regard for the utmost in convenience and adornment for the interior. A very attractive arrangement can be effected by using them in pairs in opposite corners of the dining room. Shelves both above and below the ledge provide ample room for displaying fancy china above, as well as a convenient storage space for dishes below.

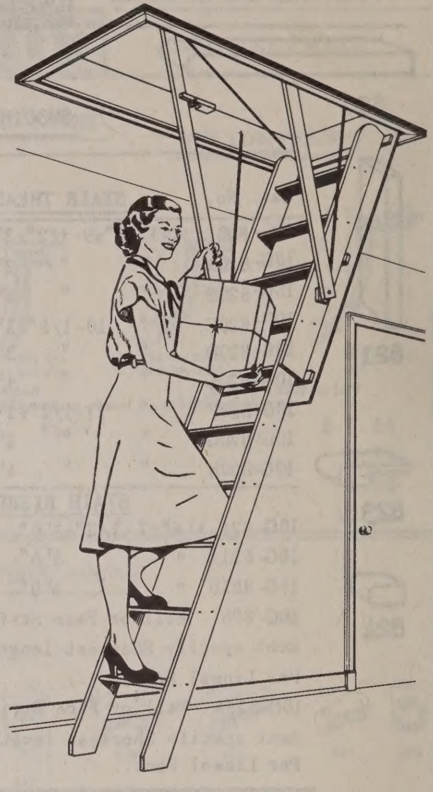
SPECIAL SALE!

"ECONOMY" DISAPPEARING STAIRWAY

SUPER VALUE $29.95 Designed for Ceiling Heights up to 9 feet.



The ''Economy'' Disappearing Stairway is designed to give excellent service over a long period of time. The simplicity of its design eliminates costly upkeep and repairs and makes it easy to operate.

The Lower Section of the Stairway slides up and over the Panel Section when not in use thus requiring less attic headroom than most other Stairways. The entire Stairway, when closed, is held firmly in ceiling by powerful spring-lever action.

ORDER NO. 10J-110 The ''ECONOMY'' DISAPPEARING STAIRWAY. Factory assembled Complete and ready to install $29.95

INSTALLATION DETAILS

Suitable for Ceiling Heights up to 9 ft.
Rough opening required is 25¾"x54¼".
Attic Height required is 36".
Floor Landing space required is 67" with 9 foot Ceiling Heights - Less when ceiling is lower.
Panel Size is 24" x 52".
"Rise" of steps is 9".
"Run" of steps is 4-3/4"
Stairways are FACTORY ASSEMBLED ready to install as soon as the cartons are opened.

SPECIFICATIONS

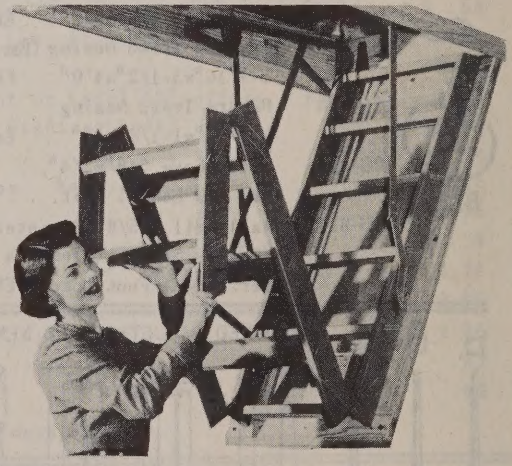
Manufactured of Strong Longleaf Yellow Pine. Stringers are DADOED to receive Treads. Treads are firmly screwed into Stringer Dadoes. Ceiling Panels are of Hardwood Plywood.

Shipping Weight is 65 pounds.
Stairway Jamb is included in price.
Ceiling Trim is not included as it should match trim in house.

"HEAVY-DUTY" STEEL DISAPPEARING STAIRWAY

NEW LOW PRICES!

1. ALL STEEL PRECISION CONSTRUCTION (except for Wood Jamb-which is INCLUDED in price--and Wood Stringer Extensions which enable you to ADJUST HEIGHT as much as 8" LESS than shown.
2. NON-SKID STEEL TREADS.
3. STEEL HAND RAIL.
4. ONE-PIECE TRUSS CONSTRUCTION with key parts BOLTED for EXTRA STRENGTH.
5. REQUIRES LESS THAN 18" ATTIC CLEARANCE.
6. ALL PARTS PAINTED GREY (except Jamb and Ceiling Panel-which is left unpainted so that it can be finished to match the ceiling). Ceiling trim is not furnished as it should match trim in house.
7. SAVES LABOR DOLLARS-- can be installed in a very few minutes since virtually ALL THE ASSEMBLY WORK IS DONE IN THE FACTORY.



IMPORTANT: Note how the stair sections fold over each other with finger-tip control. After folding-the stair is raised by powerful springs.

TWO SCREENS REQUIRED

PLEASE NOTE:

Where Steel Windows are to be installed in masonry walls STEEL FINS are recommended. Bolted to the head and jamb sections, they anchor unit securely in wall. SILL ANCHORS are included with FINS.

NOTE: Stationary and Commercial Type Windows also available. Send list for our low prices.

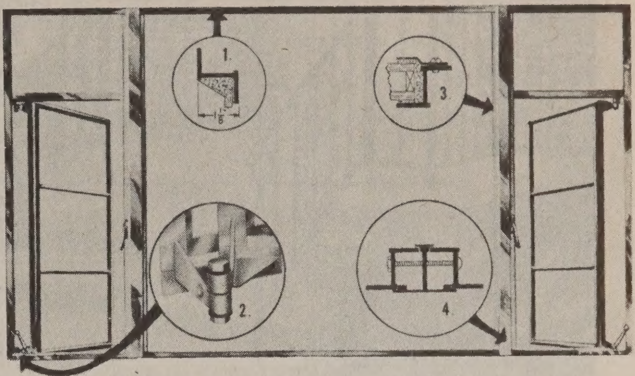
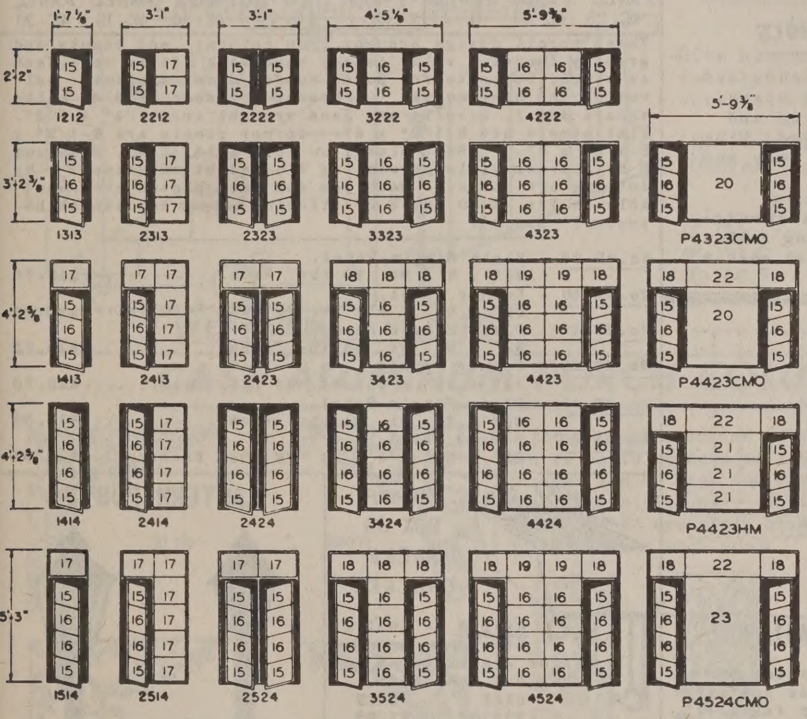
"ROTOLITE" ALUMINUM CASEMENT SASH

GIVE YOU THESE 4 BIG ADVANTAGES

1. FULL 1/8" SECTIONS only in "ROTOLITE" ALUMINUM Casements - made of extruded Aluminum Alloy 1/8" thick - structurally strongest. Putty retaining groove designed for easy outside glazing.
2. EXTENSION HINGES of solid aluminum - sturdy and trouble-free - full supporting. Stainless steel pin assures correct ventilator operations at all times.
3. INSULATED GLASS Harris "ROTOLITE" Aluminum Casements are furnished to accommodate regular, plate or insulated glass 1/2", 3/4" and 1" thick.
4. INTERLOCKING MULLIONS - Easy to assemble - simple to install - forms a perfect weather seal due to precision fabrication.



5% DISCOUNT on Orders of $100.00 or more



FOR LARGER PICTURE WINDOWS WRITE FOR OUR LOW PRICES

All casements are equipped with non-friction, extension type hinges, underscreen rotary operator and locking handle attached to frame. Dimensions shown are exact window sizes outside to outside of frame. Add 1/8" clearance on all sides for opening dimensions. If more than one window is used in the same opening, add 1/4" to the sum total of the window sizes for each mullion to determine the over-all window dimensions. All ventilator sections swing out. Windows having one ventilator may be hinged either right or left as you face from the outside. (Furnished as illustrated unless otherwise specified.) Be sure to specify if fins, screens or mullions are required. (See List Below.) Fins are required for masonry construction. Specify whether fins are for brick or block construction.

CUSTOM-MADE WROUGHT IRON PORCH RAILING

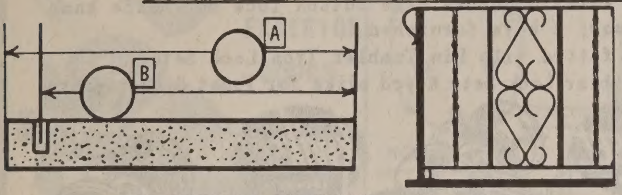
ORDERING INSTRUCTIONS

Select Railing Design from table below. Add the overall lineal footage of Railing and remit at the price shown.

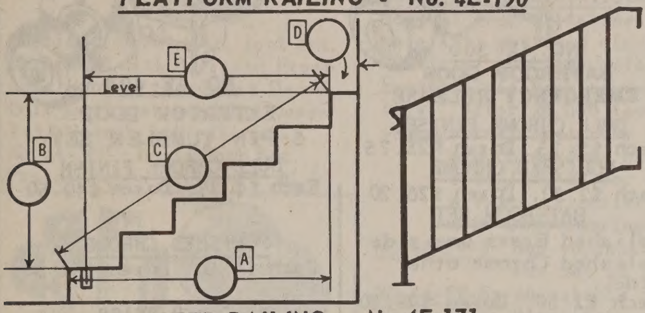
State if railings ordered are to be used on concrete or wood platforms and indicate the preferred method of securing newel posts to platform.

1) Posts with extended legs for holes already in concrete.
2) Holes to be prepared when railings are received.
3) Posts to be furnished with plates for surface mounting.
4) Posts to be furnished with base plates for mounting on wood platform.

Please make a diagram of your Step Railing and Fill in all circles to show measurements as directed below.



PLATFORM RAILING - No. 4E-190



STEP RAILING - No.4E-171

MEASURING INSTRUCTIONS
for CUSTOM-BUILT Platform Railings

(A) Measure from wall to edge of platform. This is "overall length".
(B) If holes are provided, measure from wall to center of hole.

MEASURING INSTRUCTIONS
for CUSTOM-BUILT Step Railings

Give measurements (A)-(B) and (C). If additional length is required at top step to reach post or wall give measurement (D).

(E) if holes are provided measure corner at platform (Overall Length is (C) plus (D).

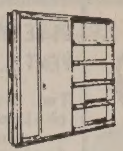
NO. 4A-FW6

TROUBLE-FREE HARDWARE



FOR ROLLING DOOR POCKETS BUILT IN WALL

Single or double sliding doors - may be used on any residential door or cabinet. Precision made of rust-proof material; extruded aluminum track. Plastic rollers with "Oi-lite" bushings with brass housings. This sliding door hardware has been tested by an independent testing laboratory. After 28,000 tests (equivalent to more than 15 years normal use), the tests reveal.

- *No breakdown hardware*
- *Rollers do not jump the track*
- *Track or rollers showed no measurable wear*
- *Oi-Lite bearings operated satisfactorily*

HARRIS MASTER ASPHALT TILE IS A MULTI-PURPOSE FLOORING Which combines in the highest degree rich, colorful beauty together with low initial cost and long-term economy. The tile is practically impervious to ordinary wear. Texture and colors are permanent.... require no periodic refinishing.

COLORS ARE LUSTROUS AND FRESH. THE CRISP, CLEAR veining in marbelized colors creates beautiful variegated appearance. Both veining and colors go all the way through to the back of the tile.

HARRIS TILE MAKES A COMFORTABLE FLOOR ON WHICH TO stand, walk or work. It is quiet, non-slippery and pleasantly buoyant underfoot. It is especially well suited for installation on cement in contact with the ground.

NO. 5E-4000

WE FURNISH HARRIS MASTER ASPHALT TILE SIZE 9"x9" 1/8" THICK in 33 different colors.

AVAILABLE IN A WIDE VARIETY OF COLORS....SOFT CHARMing colors and gay strong colors in beautiful marbleization, every installation of Harris Master Rubber Tile is different......your installation is distinctively yours. The colors go all the way through the tile, hence the individual tone of each is permanent...can't show wear. The fade-resistant colors are yours to admire year after year.

HARRIS MASTER RUBBER TILE IS EASY TO KEEP LOOKING like new. Sweeping or light mopping keeps it spotlessly clean, and an occasional waxing keeps it beautifully lustrous. Absorbing impact, Harris Master Rubber Tile suppresses the sound of noisy, irritating footsteps. Soft and resilient to walk on, Harris Master Rubber Tile cushions every step, is easy on the feet, lessens fatigue.

HARRIS MASTER RUBBER TILE WILL LAST PRACTICALLY FORever. It is so exceptionally tough that it withstands heaviest traffic, affords great resistance to denting, scuffing, acids and oil. Fire-resistant, it does not support combustion. Burning cigarettes leave no permanent blemish. Grease resistant, it is ideal for use in kitchens.

NO. 5E-6000 HARRIS MASTER RUBBER TILE comes in the popular Size 9"x9", 1/8" Thick and in 14 most popular mottled colors.

"VIKON"

ENAMELED STEEL TILE

Long life colorful tile with the permanence of steel. Rustproofed both sides and finished with 3 coats of BAKED-ON Enamel. Will not crack, craze, chip or peel. Unaffected by fire, water or strong soap. Thoroughly sealed with our special cement leaving no open cracks at joints or space between tile and wall for vermin to breed or moisture to accumulate.

Quickly and easily installed on walls and ceilings. No special tools required. No waste in cutting out for fixtures. No need to remove old plaster or disconnect plumbing fixtures. If tiles are ever damaged, they are easily removed and replaced.

WALL TILE COLORS

White - Apricot - Ivory - Suntone - Spring Green - Coral - Gold - Light Blue and Tea Rose.

SUPER "Kem-Tone INTERIOR WALL PAINT

The DeLuxe Wall Paint
SUPER
Kem-Tone
Shasta White
Steel Washable Super Durable

SUPER BEAUTY • SUPER WASHABLE • SUPER DURABLE

SUPER KEM-TONE is a spectacular combination of Beauty, Ease of Application and Exceptional Washability. SUPER KEM-TONE is truly the amazing paint of the century ... rich as velvet, tough as rubber yet it's Super Washable, Super Durable and Ready-to-Use.

Applies easily, perfectly, on wallpaper, paint, plaster, wood or primed metal. Dries in an hour.

SUPER BEAUTY ... Here is a NEW, velvety-smooth, richly flat finish in a fabulous range of exquisite shades including the smart, new, artistic, decorator-styled deep hue colors.

SUPER WASHABLE ... SUPER KEM-TONE, with its unmatchable super beauty, has unbelievable characteristics of washability. Wash it!-Scrub it! You won't destroy its wonderous, velvety richness.

SUPER DURABLE ... SUPER KEM-TONE resists dirt and wear like a fine enamel. Doesn't crack or rub off. Will outlive, in its loveliness, all ordinary flat wall paints.

SUPER APPLICATION ... SUPER KEM-TONE glides onto your walls with fascinating ease, without lap marks or streaks! Even missed spots will disappear like magic--just retouch them and you won't even be able to find the spots.

NO. 4A-687 ENAMEL UNDERCOATER

"PAINTER-CRAFT" XXX ENAMEL UNDERCOATER is a top grade white, finely ground enamel undercoater. It brushes, levels well, and dries overnight. Minimum of sanding necessary. A slight sanding produces a hand rubbed effect. May be mixed with enamels to produce a high grade dull enamel with varying degrees of sheen depending upon the amount of enamel added. Covering Capacity approximately 400 square feet per gallon, one coat.

Per Gal. $3.35 5-Gal. Can, Per Gal. $3.25

NO. 4A-683 "PAINTER-CRAFT" GLOSS WHITE ENAMEL

All the ideal characteristics desired by the painter for a one-coat enamel woodwork finish. The addition of one-half pint of mineral spirits gives you a free, easy-working wall enamel so hard to get. Now you need only this one enamel in place of the two which you generally have to buy. Easy to apply on woodwork or walls. Holds build on corners of panels and molding important for one-coat work. Soft gloss - quality appearance. Can be tinted to pastel shades. Coverage - approximately 300 square feet per gallon.

Per Gal. $4.30 5-Gal. Cans, Per Gal. $4.45

NO. 4A-680 "PAINTER-CRAFT" PIGMENTED WALL PRIMER & SEALER

A new painter-tested sealer with good hiding and sealing qualities. Ease of application with minimum effort. Dries hard overnight. Has excellent tooth. Dries from base out. Has a hard surface with a uniform sheen. No thinning needed. Coverage - 400-500 square feet per gallon. Holds tints.

Per Gallon - $3.20 5-Gallon Cans, Per Gallon - $3.10

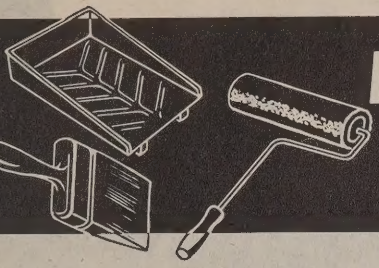
Flat Wall, Varnish & Enamels

Magic Velvet Flat Paint

For Use on Plaster, Canvas Wallpaper and Wood



Old Dutch
MAGIC VELVET FLOWING FLAT WALL PAINT
HARRIS BROTHERS CO.
CHICAGO

BRUSH, SPRAY, or ROLL ON

No. 4N-1109. This superior quality flat wall paint is furnished in white and tints as shown. This paint may be brushed, rolled or sprayed. Levels out like enamel. Dries with a mat flat finish. Will stand many washings without injury to the film. Dries uniformly even over surfaces of varying porosity. May be applied over wallpaper. The pigment and liquid do not separate. There is no water in this material and no danger of freezing. Easily applied. Spreads like butter. Excellent color retention. Dries to a most beautiful decorative finish. Covers 500 to 600 square feet per gallon. Furnished in the following colors: Ivory, Cream, Buff, Willow Green, Bungalow Brown, Silver Gray, Medium Gray, Lead, Rich Red, Blind Green. White may be mixed with any of the deep tones listed for choice of shades. ***Write for FREE color card of mixed tints.***

4N-1109

Per Quart	Per Gallon
$1.10	**$3.75**

DEEP TONES

Old Dutch
DEEP TONES FLOWING FLAT WALL PAINT
HARRIS BROTHERS CO.
CHICAGO

No. 4N-1129—"OLD DUTCH" Deep Tones. Colors in flat wall liquid. May be intermixed to produce desired shades. They may be used in any proportion with flat whites without increasing gloss or inducing flashing. This flat paint may be mixed with the required colors in a minimum of time because neither Old Dutch Deep Tones or Magic Velvet flat settle in the containers. Old Dutch Deep Tones supplied in the colors below. ***Free Color Card Deep Tones on Request.***

UTILITY PAINT

Old Dutch
UTILITY PAINT
PROTECTION FOR ALL WOOD - BRICK - METAL EXTERIOR SURFACES
HARRIS BROTHERS CO.
CHICAGO

No. 4N-1174—Utility Paint. Recommended for barns, sheds and farm buildings of all descriptions. An excellent protective paint for gutters and metal roofs. Extremely durable product for all wood, brick and metal surfaces. This utility paint is reasonable in initial cost and the long years of service make it the most economical paint to use. Colors: Barn Red or Slate Gray.

Per Gallon ....$ 2.45
Per 5-Gallon can........... 11.75

CEMENT FLOOR PAINT

Old Dutch
CEMENT FLOOR PAINT
HARRIS BROTHERS CO.
CHICAGO

No. 4N-134—"OLD DUTCH" Cement Paint. The best cement floor paint manufactured. Makes cement floors beautiful and easy to keep clean. This hard drying synthetic resin enamel is resistant to alkali and bonds tightly to cement surfaces. Its tough glossy finish resists the action of soap, water, oil or grease. Furnished in the following colors: Pearl Gray, Slate or Terra Cotta.

Price per gallon.......................$4.45

LIQUID PLASTIC VARNISH

Old Dutch
LIQUID PLASTIC VARNISH
HARRIS BROTHERS CO.
CHICAGO

No. 4N-1149—"OLD DUTCH" Liquid Plastic. This is a very unusual varnish. It is a plastic in solution. It dries through evaporation and when the volatile is gone, a sheet of plastic covers the area. This material is practically colorless and may be used over white backgrounds. It is an excellent coating for copper or aluminum surfaces. It has good abrasive resistance and will not discolor. Makes a beautiful floor varnish. It may be applied over wood or linoleum. Recommended for use where natural finish outside doors are required.

Price per gallon......................$5.95

PORCH & FLOOR PAINT

Old Dutch
PORCH AND FLOOR PAINT
HARRIS BROTHERS CO.
CHICAGO

No. 4N-1154—"OLD DUTCH" Porch and Floor Paint. This porch and floor enamel is made with a hard drying synthetic resin enamel and is recommended for use on exposed floors, boats, wood and metal surfaces inside and out. Dries in a tough enamel finish that withstands the action of sun, rain, snow or scuffing feet. Furnished in the following colors: Gray, Lead, Green, Yellow, Tan or Red.

Price per gallon.........................$3.95

ONE COAT WHITE ENAMEL

Old Dutch
ONE COAT WHITE ENAMEL
HARRIS BROTHERS CO.
CHICAGO

No. 4N-1169—"OLD DUTCH" One Coat White Enamel. This one-coat white enamel has very good hiding qualities and may be used where the undercoating does not have too much contrast. This enamel has unusual color retention and washes well. Furnished in white but may be tinted with oil colors.

Per Quart $1.15
Per Gallon 3.95

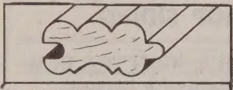
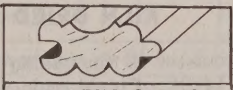
SUPERIOR KNOTTY PINE PANELING

You Can Make 3 of The Most Popular Patterns ALL from The Same Material



MOULDING Showing "TRIPLE BEAD" SIDE UP



MOULDING Showing "CHELSEA" SIDE UP

THIS IS HOW YOU DO IT:

THIS IS HOW YOU DO IT - We have made a handsome "Double Face" moulding out of Knotty Pine lumber. Use one side and it makes "Triple Bead". Use the other and it makes the "Chelsea" pattern - or use the "V" Edge as it is. With the "Double Face" moulding you can vary your walls in several different ways. All with the same material. "Double Face" moulding is 1-5/8" overall, with 1-3/8" face.

HANDSOME GARAGE DOORS - Our Knotty Pine either in the "V" Edge or Combination moulding, makes a handsome door indeed, especially so when alternated in 4" and 8" "V" Edge stock.

...HARRIS "3-IN-ONE" COMBINATION PANELING and MOULDING

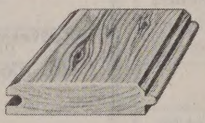
Each Piece is Specially Selected for Color, Size and distribution of Knots

Harris Knotty Pine Paneling and Mouldings are better-different from all all others - carefully developed to bring you most desirable, pleasing and permanent materials for beautiful room interiors. Harris Knotty Pine MUST NOT be confused with ordinary "run of the mill" stock frequently offered as knotty pine. Each piece of Harris Knotty Pine is carefully manufactured.

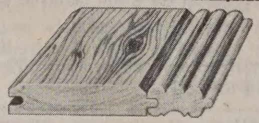
HERE'S WHY WE BELIEVE OUR KNOTTY PINE IS THE BEST:

1- KILN DRIED lumber carefully selected for beauty.
2- TRIPLE SANDED on face side - for silky smoothness.
3- EXTRA DEEP tongue and groove-for ease of application and atmospheric changes.
4- COMPLETELY DIRT-PROOF, paper wrapped for cleanliness, leaving a perfect base for any kind of finishing.
5- MADE FROM Standard width and thickness lumber.

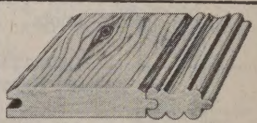
HOW YOUR ORDER WILL BE FILLED:



"V" EDGE



"TRIPLE BEAD"



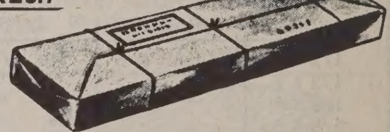
"CHELSEA"

HOW YOUR ORDER WILL BE FILLED – If you order just the "V" Edge your order will be filled in the widths you order without any moulding added. If you order either the "Triple Bead" or "Chelsea" Pattern the moulding to make the pattern is included and is a part of the width you order, just as though it were moulded on the board itself.

HOW TO FINISH - recommendations sent you free when you order.

HARRIS BEAUTIFUL KNOTTY PINE REACHES YOU "FACTORY-FRESH"

Harris Knotty Pine is completely wrapped for all out of town shipments to assure clean, unblemished delivery to insure easy finishing.



SOLD ONLY IN THE FOLLOWING WIDTHS AND LENGTHS:

Tel. 2-8591

June 22nd. 1951

Harris Bros. Co.
1349-1451 W. 35th St.
Chicago 9, Illinois

Gentlemen:

We are enclosing another order for your Triple Sanded Knotty Pine Paneling.

When your merchandise is not right I know that you hear about it but when it comes up to expectations you very seldom hear a word of praise.

In March we ordered our first Knotty Pine from you. It far surpassed our expectations. It is unquestionably the finest we have ever seen, regardless of price. We have bought paneling at 25% higher prices and been forced to send it back because too much of it was crooked, had loose knots and was so dirty it was almost unusable. Not over 1% of the paneling you sent us was unusable and it was sanded perfectly and you will never realize the time saved by receiving it paper wrapped. In finishing this our painter did not spend over a couple of hours sanding (on 1100 ft.) and this only to remove a few finger marks made by the carpenters.

Your claim that you believe you have the best Knotty Pine on the market is in our estimation no exageration. We havebeen in business over 50 years, have built hundreds of houses and have seen a lot of Knotty Pine and yours is the best yet.

Sincerely,

Burtschi & Company

KNOTTY PINE MOULDING & LUMBER

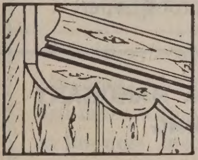
To Go With Your Knotty Pine Paneling

In order to make a perfect job it is generally necessary to use various kinds of moulding to finish the job right and we offer below a careful selection of same for practically every purpose from base shoe to the making of handsome cornices.

ALL FLAT SURFACES are TRIPLE SANDED. All mouldings are completely wrapped to keep clean.

Our Customers have found many uses for these mouldings particularly the CEILING CORNER MOULDING and the DROP SCROLL for a handsome ceiling corner finish, especially when used in connection with either a ceiling finished with our "Insulite" or "Nu-Wood" ceiling tile shown on other pages in this section. It makes a beautiful combination.

Now read the unsolicited Testimonial letter at left from one of our satisfied customers for your added assurance of satisfaction.



The use of Drop Scroll and ceiling corner mould is the ideal finish - not only does it give a beautiful finish, but at the same time takes care of slightly out of square ceilings.

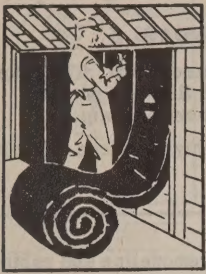
ROCK WOOL & BLANKET INSULATION

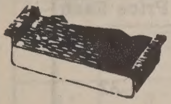


BLANKET INSULATIONS

BALSAM WOOL BLANKET

BALSAM WOOL is one of the oldest, best known and most popular blanket insulations on the market today. Furnished in Rolls, it has "SEALED SPACER FLANGED EDGES" for easy application. It is clean, termite, vermin and fireproofed, does not settle or pack, and asphalt saturated moisture barriers on both sides give utmost moisture protection. Thermal conductivity .246

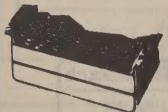
"STANDARD" THICKNESS BALSAM WOOL



Average Thickness Approx. 1"

Size	Sq.Ft. Per Roll	Wt.	Per Roll
1x16	100	30	$ 5.49
1x20	200	60	10.98
1x24	200	60	10.98

"DOUBLE" THICKNESS BALSAM WOOL



Average Thickness Approx. 2"

Size	Sq.Ft. Per Roll	Wt.	Per Roll
2x16	100	50	$ 7.97
2x20	100	50	7.97
2x24	100	50	7.97

KIMSUL BLANKET INSULATION

KIMSUL BLANKET INSULATION only-has "PYROGARD" fire resistant-cover. This light and flexible insulation is composed of numerous separate and self-supporting continuous sheets of wood fibre, bound together and reinforced with rows of strong stitching. The fibres are asphalt impregnated to resist moisture and faced with an asphalt saturated skin. For peak performance at low cost, specify DOUBLE THICKNESS KIMSUL INSULATION.

Thermal conductivity .027

- STANDARD Thickness KIMSUL

Approx. 1" Thick by 16", 20", or 24" wide. Each roll contains 200 sq.ft., weight per roll about 25 lbs.
Price per 200 sq. ft. roll $8.13

- DOUBLE Thickness KIMSUL

Approx. 2" Thick by 16", 20" or 24" wide. Each roll contains 100 sq.ft. weight per roll about 24 lbs.
Price per 100 sq.ft. roll $6.67

REFLECTIVE KIMSUL BLANKET

Same as regular KIMSUL above but lighter, easier to handle. This insulation has a REFLECTIVE ALUMINUM COVERING which shuts out vapor and increases insulation value up to 16%, (the equivalent of 3/4" in extra thickness) saves up to 33% on fuel bills and is as much as 15° cooler in summer.

16", 20" or 24" WIDTHS

REFLECTIVE KIMSUL	CONTENTS	APPROX. THICKNESS	APPROX. WEIGHT	PRICE PER ROLL
Medium Thick	200 sq. ft.	1"	30 lb.	$11.20
Double Thick	100 sq.ft.	1½"	21 lb.	7.27

FIBREGLAS BLANKET
Owens-Corning Make

One of the very best and most efficient Glass Wool Blankets. Made with a continuous vapor barrier on warm side and perforated vapor barrier on the coldside. Manufacturer recommends for best results and money value: to use 1½" for SIDEWALLS, 3" for CEILINGS.

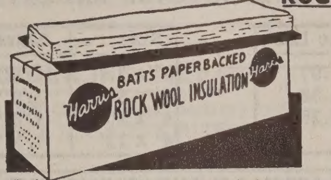
"Economy"	1½"x15"	(100 sq.ft.in roll, wt. 25#) Per roll	$4.18
"	1½"x23"	(125 sq.ft.in roll, wt. 31#) Per roll	5.23
"Thick"	3" x 15"	(50 sq.ft.in roll, wt. 22#) Per roll	3.82
"	3" x 23"	(75 sq.ft.in roll, wt. 33#) Per roll	5.73

ROCK WOOL BLANKET

"GOLD BOND" BEST QUALITY SEALED ROCK WOOL BLANKET. This economical insulation saves up to 25% in application costs. Has heavy Kraft paper, sealed on both sides, its convenient length is easy to cut and fit to speed application. Fireproof, has a "K" factor of .27, conductivity of .18, meets FHA requirements.

"GOLD BOND"
ROCK WOOL BLANKET-1½" x 15" x 8' long, per package 80 sq. ft. (Approx. wt. 38 lbs.) Price $3.34

ROCK WOOL



"KRAFT LINED" ROCK WOOL BATTS

WATER-PROOFED, KRAFT LINED 15"x23", Wall thickness 3". Generally packed 40 sq.ft. per carton, weight approx. 39 lbs.
Price per carton or container (our option) $2.20

LOOSE ROCK WOOL INSULATION

Fluffy and Cotton-Like Rock Wool. 40 lb. bag covers approx. 36 sq. ft., Spread 2" thick between attic joists. WATER-PROOFED.
Price per bag. $1.02

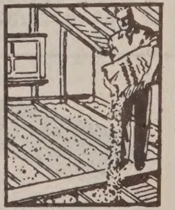
GRANULATED ROCK WOOL INSULATION

Granulated in the size of a large pea it is easily poured or blown in between ceiling joists, or studding spaces; A 40 lb. bag covers approximately 30 sq.ft.. 2" deep. (approx. wt. 38 lbs.)
Price per bag. $1.25

POROSIL
SAVES FUEL IN WINTER
COOL HOMES IN SUMMER
INSULATION
HARRIS BROTHERS COMPANY

"POUR YOUR OWN"
Vermiculite Insulation

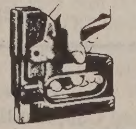
3 inches of "POROSIL" are equal in Insulating Value, to a brick wall over 5 ft. thick.



"POROSIL"

Original and Genuine granular VERMICULITE insulation. Very light weight only 6¼ lbs. per cubic ft. A 25 lb. bag of "POROSIL" covers 27 sq.ft., 2" deep. BTU factor .0317. Easy to pour-your-own-a child can do it.
Price per 25 lb. bag. $1.08

BOSTITCH STAPLER and STAPLES



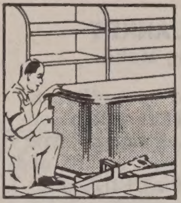
Ideal for installing blanket insulation. We have tested many different staplers and staples. We recommend "BOSTITCH" as the best by far.

22-T5-8 BOSTITCH STAPLER. Each. . . . $9.95

9/16" GUMMED STAPLES, specially recommended where better holding qualities are desirable.
(Approx. 5000 per box). $4.56

1/4" Plain Staples (Approx. 5000 per box). $2.75

GENUINE "MASONITE" PRODUCTS



BEWARE OF SUBSTITUTES-MASONITE IS BEST AND MOST DEPENDABLE

MASONITE PRODUCTS are made by exploding clean wood chips into fibre under high pressure steam. The fibre is refined, felted and pressed into board form, uniform in thickness, by heated hydraulic and flatwood presses. Being made of wood it can be cut and worked like wood and is easily bent or curved. Moisture resistant.

"PANELWOOD" is Masonite's latest product. It will answer many of your problems where higher priced Masonite Board was used. An economical, easy to work, quality board-all in one.

MASONITE "PANELWOOD"

"PANELWOOD" is similar to standard "Presdwood" but is slightly less dense. Ideal for walls and ceilings, remodeling and cabinet work. The panels are strong and dense, the tough smooth grainless surface finishes beautifully. One size and thickness only.

4' x 8' x 1/4", - Each	$2.69
8 or more, - Each	$2.60

MASONITE STANDARD "PRESDWOOD"

UNTEMPERED HARDBOARD for interior use only - can be varnished, painted or papered.

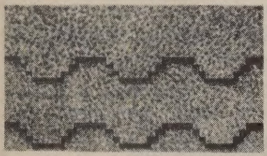
Dual Blue Blend

Price per Roll, complete with Nails and Cement, your choice of colors. $2.83

"RUBEROID" STAGGERED EDGE

Mineral Surfaced Roll Roofing

BEST QUALITY



Excellent over old roofs, but should never be used on new roofs unless a good asphalt felt is applied first and pitch is at least 25% or less. Quality is the same as our best Roll Roofing listed above but weighs more.

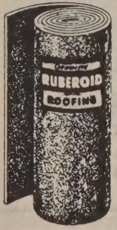
Each roll is 32'' wide and forms two strips because the 32'' roll is die cut down the middle to form the two Staggered Edge Strips each 48' long. Carries Underwriter's Class C Label. Fixtures not included. Wt. 105-lbs.

Colors:
Russet Blend
Twilight Blend
Evergreen
Dual Green Blend
Pastel Blend

PRICE per roll to cover 100 sq.ft., allowing 2'' head lap, all colors $3.29

Nails Required: 1-lb. 7/8'' for new work or 1-1/3 lbs. 1½'' for old roofs. GALVANIZED ROOFING NAILS-Price per lb. . .18¢

VERY BEST "RUBEROID" SMOOTH ROLL ROOFING

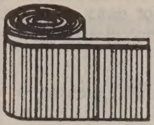


The first asphalt ready-to-lay roofing, developed in 1892 and still going strong. 55-lb. and 65-lb. weights carry Underwriters'. (Class C) label. 7/8'' No. 11 Galvanized Nails and 1 can of standard lap cement is included with each roll. A tough long wearing roofing. Smooth Roll Roofing is a "must" on porch decks and low pitch roofs. Each roll covers 100 sq. ft.

Weights	Width	Sq. Ft. per Roll	Price per Roll
MEDIUM	45 lbs. 36''	108	$1.76
HEAVY	55 lbs. 36''	108	2.24
EXTRA HEAVY	65 lbs. 36''	108	2.53

SHAKE SHINGLE DESIGN ROLL SIDING

Looks like expensive "Shake" shingles when applied and of course makes a weather tight and warmer house.



Av.approx. wt. per sq. . .	100 lbs.	Per Square to cover 100 sq. ft.
Width each strip	12''	
Net exposure	11''	
Length of strip roll	36 ft.

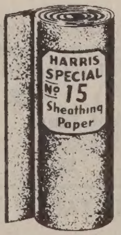
Reinforced Corner Strips Size 33-5/8 x 2¼ x 2¼. 20 pcs. per Carton (56 lin. ft.) Colors to match. Per Piece . . . . 43¢ Per Carton $8.25

No. 15 WATER-PROOF ALL PURPOSE SHEATHING



A HEAVIER Virgin Felted Kraft, saturated and coated Water-proof Sheathing. For side wall, on roofs under shingles and between sub and hardwood flooring. It is water-proof, has greater bursting, tensile and tearing strength, and flexibility--easy to apply, insulates against wind and dirt, and is wrapped in protective Kraft paper. Approved by FHA as Class A or B Sheet. Weight per roll is approximately 28 lbs.

Rolls are 36'' wide and contain 432 sq. ft.
Price per Roll $2.86

MINERAL SURFACED ASPHALT SHINGLES

Genuine RUBEROID Asphalt SHINGLES

MANY STYLES AND MANY COLORS

Mineral Surfaced ASPHALT SHINGLES are too well known to need explanations. We now offer "RUBEROID" SHINGLES in many styles, colors and weights and know that we are offering the best for the money.

There is now a choice of four weights -- 170-lbs., 215 lbs.,* 262-lbs. and 230-lbs. per square, weights to suit the most discriminating buyers. Shipped right out of Chicago stock. Low freights.

NOTE -- 4" exposure is specified on some VA Loans. This exposure is provided for by an extra slit on "SQUARE TABS" for easy application, illustration gives information on figuring square foot coverage.

WALLBOARDS • INSULATING BOARD PLASTER BOARD

"FINNBOARD" All Wood Fibre INSULATING BOARD PANELS

Imported from Finland- The chemically treated pure wood fibres makes this a very practical and rigid building board, suitable for a great variety of uses. An excellent insulator against heat or cold; Helps deaden sound and is a perfect plaster base. We highly recommend it as the best of values.

"FINNBOARD" 8 sheets per crate, (No crates broken, except when you pick up) 4' x 8' only.
Full ½" Thick, Per Sheet. . . . $1.68. Per crate of 8 sheets (Wt.190 lbs.) $12.80

REGULAR (Fibre) WALL BOARDS

There are many kinds of Fibre Wall Board on the Market today. We offer the three most practical and of the highest Quality for the money.

All sold in 5 or more sheets only per order, of each kind and size. Any quantity furnished when picked up.

"DUO-TONE ECONO" WALL BOARD

The economy Wall Board--smooth surfaced both sides, Green one side, Cream the other. 4'x8' size only, approx.3/16" thick. 50 lbs. per 100 sq. ft. Price per sheet. $1.45

"MAMMOTH" WALL BOARD

Like "PERFECTO" Wall Board, but more rigid and much stronger due to a full 1/4" thickness. Sized, it takes oil or water paint for a beautiful finish. 75 lbs. per 100 sq. ft. 4'x8' size only. Pebble textured 1 side. Price per sheet $2.04

"PERFECTO" WALL BOARD

Of exceptional value this handsome creamed colored wall board is one of the finest on the market. One side is "Pebble" textured giving added decorative value. A full 3/16" thick, it is easy to cut or bend. Sized, it is easily decorated and takes oil or water paint for a beautiful finish. Wt 60 lbs. per 100 sq. ft.

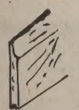
8" DROP SIDING



Lot No. 22A-14 - 4800'- 1 x 8 Standard lengths Pattern 106 Kiln Dried Selected Com. Sound Knotted W.P.Soft Pine lengths mostly 10/16. Worth $22.50. Bargain Sale per 100' BM $19.00

OAK FLOORING

Lot No. 22A-170 - HARRIS "ECONOMY" Brand OAK FLOORING. An EXTRA SPECIAL BARGAIN! It is the "lay-outs" by the Mill making our very best grades. Lots of it is laid out because of defects which do not show on the face of the finished floor. It is, of course, kiln dried and end matched. You can afford to take 10 to 15% extra and a little more time to select when laying and get a good face floor and still make a big saving. Stocks not always plentiful -- order early. The average length is approximately 2½ ft., which is only ½ ft. shorter than the average for No. 1 Com. Inspection invited. Easily worth $13.50 per 100' BM. our special Bargain Price is, per 100' BM. Size 25/32x2¼ face. Price $9.00

OUR ERROR

Brings You DOORS at Less Than Cost

Yes, we made a MISTAKE and YOU CAN PROFIT BY IT. We made several carloads of Doors for a UNITED STATES GOVERNMENT JOB and through error we "OVERRAN" them.

These Doors are not stock items with us, so rather than add them to our inventory - we are OFFERING THEM TO YOU at LESS THAN THE CARLOAD COST.

●

PLEASE NOTE: These are NEW Doors direct from the Factory to our warehouse. They are TOP QUALITY in every way.

●

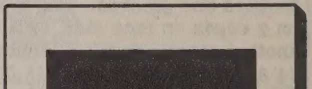
These Doors are manufactured of CLEAR W.P.PINE to the high standards of the NATIONAL WOODWORK MANUFACTURERS' ASSOCIATION by a MEMBER of that Association.

●

They are available in one size 3'0"x 7'0"- 1-3/4" THICK.

●

We have about 100 available. They are offered subject to prior sale - SO DON'T DELAY - SEND YOUR ORDER TODAY!



No. 10NY-591
